Maxibel Bush Beans

A slender, elegant bean often seen in European-style restaurants. They are mouth-watering and unsurpassed in flavor. Many filets available from seed are miniatures, but these dark green stringless beans are a full-sized, 7-inch pod. Maxibel arises on tall, erect plants that require no trellising, and harvest easily. They mature faster than pole beans yielding a huge and concentrated harvest.

Romano Bush Bean

This bush-type Romano is the classic flat bean with the robust, distinctive full flavor and very heavy yields you would expect from a Romano. The plants are compact, and the yield is not only abundant, but starts early, extends over many weeks and will continue to bear until frost. Beans are 6 inches long, excellent fresh, and lend themselves equally well to canning and freezing.

Carminat Pole Bean

Bring a bounty of beauty and flavor to your trellis with these slender and stringless, 8-inch, haricot vert pole beans. Lavender blossoms give way to deep purple pods that are nutty-sweet, snappy and crisp. May be enjoyed fresh off the vine or sautéed, braised or steamed to your liking. Beans turn green when cooked.

Fortex Pole Bean

An extraordinary stringless French filet bean growing to over 10 inches long. The delicious round pods have a pronounced nutty bean flavor that can be harvested at any size, small and slender or large and plump. The yields are impressive and long lasting. A vigorous climber.

Romano Pole Bean

A personal favorite! This full flavored pole bean is early to set pods, and once set, yields a continuous and glorious harvest of sweet, nutty, stringless 9-inch beans until the first frost.

Urizon Japanese Winged Pole Bean

Edible and ornamental, this lush and exotic climber boasts large, lavender flowers and unique pods with superb flavor. Nutrient-rich, all parts of the plant are edible. Traditionally blanched and stir fried, you can enjoy the beans steamed or tossed into the wok with just about anything. Sliced, they resemble little stars to adorn your plate. Leaves can be eaten like spinach, flowers can be used in salads, tubers can be eaten raw or cooked, and the seeds can be used in similar ways to soybeans.

Golden Grex Beet

This jewel is a gift to the beet world from breeder Alan Kapular! Grex, a term from orchid breeding, alludes to ongoing variation in the gene pool. Expect a little less uniformity and a few surprises. With Lutz in its parentage, Golden Grex yields similar lush green tops and generous, elongated and tapered roots. Some interiors will have beautiful alternating concentric rings of yellow and red similar to a Chioggia. Sweet and tender!

Lutz Green Leaf Beet

While these extra large beets will never win a beauty contest, this HEIRLOOM variety from Europe has unsurpassed capacity for winter storage, earning it the name Winter Keeper. Provide them with plenty of compost, sow your seeds further apart than for other beet varieties, thin the roots to 4 inches apart, and you will have a harvest of crimson sweet treats that only gets sweeter with time. In season, the glossy, fuchsia-veined foliage is a delightful, hearty eating green.

Touchstone Gold Beet

A reliable golden beet with uniformly round roots and generous attractive green tops. Like other golden beets, Touchstone retains its color when cooked and has the sweet flavor prized by aficionados. It performs well even when overcrowded, making it perfect if your garden space is limited.

Asparbroc

Asparbroc is a nutritional powerhouse resembling broccoli rabe but with an asparagus-like stem. The flavor of this "Broccolini" is sweet and delicate with subtle, peppery undertones. The entire plant is edible and can be enjoyed raw or gently cooked. After the initial central floret is harvested, the plant will continue to produce multiple side shoots.

Piracicaba Broccoli

Somewhere between a heading broccoli and a broccoli rabe, Piracicaba has succulent, tender, small green heads with very large beads. The heads are loose, with loads of side shoots and sweet stalks. Even the large leaves make excellent greens. The plants are phenomenally productive. As long as you keep harvesting its flower buds, it will keep making more, even through hot summer weather.

Hestia Brussels Sprouts

This All-American Selection Winner deserves its honors. Hestia has an erect and tidy habit, yet wildly generous production! Expect hundreds of one-inch sprouts that both mature quickly, yet hold well in the field and remain tolerant of both heat and frost. Sugars develop more quickly in these little babies, making it a sweet choice for early production. Demonstrated disease tolerance.

Jenny's Edibles & Blooms 2019

VEGGIES

jennysblooms@gmail.com

Mokum Carrot

Dutch variety that is relatively early, has fine color, a small core, and is very juicy and sweet. Top-rated for flavor among the early varieties. A nice "baby" carrot due to its high sugar content and rapid coloring, but also good for harvesting throughout the season. Holds sweet taste even in warm weather.

Over the Rainbow Carrot Mix

A specialty blend from Fedco - white, pale yellows and oranges alongside bolder oranges, reds & purples! Taste varies with root color, but all are tender, sweet, and flavorful.

Parisienne Carrot

This nineteenth-century French HEIRLOOM is a great little round carrot, with shape akin to a globe radish. A great choice for containers or for gardening in heavy and rocky soils. A legendary flavor that is highly sought after by organic gourmet restaurants, and a size that kids love!

Fioretto 60 Cauliflower

Also known as "Stick Cauliflower" or "Flowering Cauliflower," this wonderful new introduction from Japan produces a loose bouquet of bright green stems topped with white florets. The entire plant, from the stem to the florets, can be eaten. Sweeter, softer and more flavorful than traditional large-head cauliflowers, 'Fioretto' is a true delicacy! Enjoy raw, steamed, sautéed or grilled. Virtually immune to pests.

Dakota Black Popcorn

Add 'Dakota Black' to your garden for delicious popcorn or as a stunning ornamental. This open-pollinated variety produces 5- to 6-inch ears with striking, purple-black kernels, on 4-foot tall stalks. Let the ears dry on the stalks in late summer, then harvest for either decorating or for making popcorn. Kernels pop white but retain the dark color in the hulls, giving them a unique appearance.

Glass Gem Corn

This stunning HEIRLOOM brings the glory of stained glass to your garden and home with eye-catching translucent kernels in an endless range of colors. Thank Carl "White Eagle" Barnes, a Cherokee corn collector whose life's work was preserving and sharing Native corn varieties. Yielding 4- to 8-inch ears on sturdy 8-foot tall plants, Glass Gem is primarily grown for its unique ornamental value, but can also be popped or ground into cornmeal and flour. Join Glass Gem's nearly 15,000 Facebook followers to explore the possibilities and see what all the buzz is about!

Incredible Corn

A truly gourmet sweet corn for your home garden! Eight-foot tall stalks boast 9-inch ears with superb husk protection. The "sugary enhancer" gene, introduced to Incredible by cross pollination, is what makes this selection super sweet. Not only has Incredible stolen the show at multiple taste trials, but several of our vendors rate it among the most admired offerings in their catalogues!

On Deck Hybrid Corn

A perfectly sized sweet corn to summer in your favorite container and add edible, vertical interest to your deck, patio or terrace! An ever-so-tasty breakthrough bicolor variety that is super sweet. Simply plant 4-6 plants in an (at least) 24-inch container and get ready to harvest in about 2 months!

Strawberry Popcorn

Delicious and decorative! This HEIRLOOM corn popstar boasts 2- to 3-inch ears of glossy, magenta, ruby-red kernels atop 4-foot plants. Fun for popping and gorgeous for fall decorations.

Armenian Cucumber

A relative of the honey dew melon, this Middle Eastern HEIRLOOM yields heavily ribbed, long pale-green cucumbers with a sweet, white flesh. They are apt to twist and coil when grown on the ground, but develop gently tapered, straight fruit on a trellis. Fruit remains edible, tender, and tasty at a larger size than most cukes.

Jenny's Edibles & Blooms 2019

VEGGIES

jennysblooms@gmail.com

Diva Cucumber

This Diva is no temperamental star but a true garden performer. Considered a Beit Alpha type that is both gynoeious and parthenocarpic. As such it is one of the smooth, thin-skinned class of cukes that originated in the Middle East, and produces exclusively female flowers which do not require pollination to set fruit. Tender, crisp, sweet and bitter-free, they are nearly seedless and best harvested between 5 to 7 inches. An All American Selection Winner renowned for taste, exceptional yields and disease resistance. A premium cuke for fresh eating.

Homemade Pickles Cucumber

Especially bred to be the quintessential pickler. Ideal size, shape, crisp texture and superb flavor all rolled into one. Whether picked small for tiny gherkins, medium size for dill spears, or large for bread and butter slices, these green, short, plump cukes are perfect. At whatever size, they are firm and tender-sweet! Plants grow vigorously over a long season, with great disease resistance for appreciable yields. The bountiful vines do well supported with a trellis or staking.

Iznik Cucumber

A gourmet mini cuke! Gynoeious and parthenocarpic, these thin-skinned, crisp beauties produce entire female flowers and do not require pollination to set fruit. Don't be fooled by the plant's relatively compact size. Iznik is an extraordinary yielder that will perform equally well in your containers, trellis garden, raised beds or rows. The spineless, seedless, dark green snackers, best picked when 3- to 4-inches long, are tasty fresh or pickled. Highly resistant to powdery mildew and scab.

Lemon Cucumber

HEIRLOOM 1894. Originated in 1894, the 3 inch fruits are round, pale yellow in color, with a white flesh that is easily digested and never bitter. Yields are abundant.

Mexican Sour Gherkin Cucumber

This HEIRLOOM, also known mouse melon, cucamelon, and sandiita (Spanish for "little melon"), is not a real cucumber, but an honorary one belonging to another genus entirely, Melothria. These little charmers pack a powerful, sweet, cucumber flavor with a tangy, citrus twist into an adorable-sized treat. Expect delicate foliage and baskets of fruit that look like doll-sized watermelons. Perfect to trellis or cascade in a hanging basket. The 1-inch fruits are terrific tossed in a salad, and the plants are productive enough to have plenty for pickling.

Painted Serpent Cucumber

Also known as Armenian Cucumber or Snake Melon, this HEIRLOOM native to Armenia was taken to Italy in the 15th century. Botanically Painted Serpent is a muskmelon, Cucumis melo, more commonly known in the form of a cantaloupe, yet the species is closely related to the cucumber. You will be captivated by the slender, slightly fuzzy, flexuous fruits that delicately coil like a serpent with alternating light and dark green stripes. And the flavor will astound you. A farmer's market favorite when folks have the opportunity for sampling!

Parisienne Cornichon de Bourbonne Cucumber

A French HEIRLOOM dating back to the late 1800s, Parisienne Cornichon de Bourbonne was used extensively in France as the premier pickling Cornichon. Expect buckets of gherkin or Cornichon-sized cukes — dark green and seedless, nubby and bumpy, tart and crunchy-sweet. Harvest fully developed, no more than 2-inch long, the width of a child's finger and have your mason jars and favorite pickling ingredients on standby.

Picolino Cucumber

Mini English cucumbers are sweet little crispy gems. Best picked at 4-5 inches long. Skin is medium green and thin. Not only prolific, but independent - plants are parthenocarpic, allowing for fruit set without pollination.

Poona Kheera Cucumber

A noteworthy gourmet variety from India. Smooth-skinned fruits turn from white to golden-yellow to russet brown and may be eaten at any stage, skin and all. At each stage they remain extremely crisp, sweet, juicy, refreshing, and bitter-free. Many consider the flavor best when harvested as rosy blush begins. Used in stir-fries, long-marinating dishes, pickles, and chutneys. They keep their crisp texture and absorb sauce flavors in Thai and Indian food.

Salad Bush Cucumber

This compact and space-saving All-America Selections winner is easy to grow anywhere, though ideally suited for containers, raised beds or even hanging baskets. Yields full-sized and full-flavored 8-inch, uniform slicers over a long season. High disease resistance.

Jenny's Edibles & Blooms 2019

VEGGIES

jennysblooms@gmail.com

Karikachi Edamame

An outstanding, open-pollinated variety from Japan offering three large seeds per pod. Excellent, sweet flavor with a pleasing dark green color once blanched or frozen. Karikachi is very reliable with high yields and good disease-resistance.

Black Beauty Eggplant

Thriving in gardens since its debut in 1902, Black Beauty is a very well-adapted, open-pollinated variety that boasts big yields of large, blocky, nearly-black glossy fruit. The plants are compact and easily adaptable to small spaces and containers. They will benefit from staking to support the heavy yields of fruit.

Black Beauty Eggplant

Thriving in gardens since its debut in 1902, Black Beauty is a very well-adapted, open-pollinated variety that boasts big yields of large, blocky, nearly-black glossy fruit. The plants are compact and easily adaptable to small spaces and containers. They will benefit from staking to support the heavy yields of fruit.

Fairy Tale Eggplant

Once upon a time there was an eggplant so magical... This 18 to 24 inches All-America Selection sets masses of show-stopping lavender-purple blooms that give way to enchanting and irresistible little lavender-striped beauties. The fruit only grow to 4 inches in length and an inch in diameter with very few seeds and not a hint of bitter. A splendid edible and ornamental, bound to lend you a happy ending.

Gretel Eggplant

A specialty mini eggplant and perfect companion to Hansel and Fairy Tale, Gretel has clusters of pure white, elongated and teardrop-shaped, 3-4 inch fruit. This All-American Selection Winner will reward you with an abundance of mini, tender, bitter-free fruits.

Hansel Eggplant

A specialty mini eggplant and perfect companion to Gretel and Fairy Tale, Hansel sets an abundance of dark, solid purple fruit in easy to harvest clusters. The fruits of this All-American Selection Winner, like Gretel, are 3 to 4 inches, tender, and bitter-free.

Pingtung Long Eggplant

Asian HEIRLOOM. An open-pollinated oriental eggplant variety, imported from Taiwan. Fruits are elongated and slender, averaging 10 inches long and 1 1/2-2 inches across with a lovely, lavender-plum colored skin and white interior flesh. Bred to be resistant to many diseases, as well as tolerant to wet and hot conditions. A good yielder, with fruit weighing about 1/2 lb. each.

Cape Gooseberry

Marketed in France as "Amour en Cage," often sold in the US as "Goldenberry," this Brazilian native is a vigorous annual in the Northeast, bearing burnt-yellow fruits the size of cherry tomatoes on bushes 3- to 4-feet tall and wide. The tart and sweet, bright, tropical and tangy fruits are great for jams, salsas, and fresh eating! Unlike Ground Cherries, their fruit does not fall on the ground when ripe. Will store 1 to 2 months after harvest if left in husk.

Aunt Molly's Ground Cherry

A prized Polish HEIRLOOM tomato best harvested once it has fallen to the ground. Noteworthy flavor with hints of pineapple and vanilla. Their high pectin count makes them ideal not only for summer snacking but also for preserves and pies and over ice creams. Expect an abundant harvest from July til frost.

Giant Musselburgh Leek

This Scottish HEIRLOOM from the early 1800s is a handsome old-time favorite that has stood the test of time. Yielding whopping 2- to 3-inch diameter stems that remain tender, Giant Musselburgh is one of the most dependable and best winter-hardy leeks you can grow.

Alvaro Charentais Melon

These French delicacies bear pale yellow, smooth skin, with distinctive green stripes and a richly aromatic perfume. They have a generous layer of salmon-orange flesh, a silky-but-firm texture, and rich, sweet full-bodied cantaloupe-type flavor. Alvaro takes the mystery out of growing Charentais type melons. They are early to mature, and easy to harvest before splitting.

Kajari Melon

This Indian HEIRLOOM, thought to have originated from the Punjab region, is simply stunning! Brilliant green bands evolve into a coppery-red envelope a pale green, delightfully aromatic, sweet and slightly musky flesh. Produces up to 6 to 9 melons per vine. Unripe melons can be picked after frost and will continue to ripen in storage.

Jenny's Edibles & Blooms 2019

VEGGIES

jennysblooms@gmail.com

Golden India Ink Pea

The 6-foot tall vines, of this rare, beautiful and delicious HEIRLOOM from India, deserve center stage in your garden. Enchanting two-toned purple flowers are followed by striking lemon-yellow pods amidst a glorious spray of lush green foliage. The flat, sweet, crunchy pods are great fresh and fabulous in stir-fries.

Oregon Giant Snow Pea

A customer favorite, Oregon Giant stands distinguished among its snow pea kinfolk for its sweet, rich, fat and wide 4- to 5-inch pods. Retains sweetness, so may be picked a little plumper than the thin-podded varieties. Great for stir-fries, steaming, and eating out of your hand!

Sugar Magnolia Tendril Pea

An incredible edible ornamental snap pea that keeps on giving! The dusty purple pods and bi-color purple blossoms are eye-catching in the sea of showy green tendrils that adorn this dainty, yet vigorous climber. Sugar Magnolia, reaching up to 8 feet tall, is more than just a looker. It is a performer! The sweet, flavorful, 3- to 4-inch pods just keep coming! They beat the mid-July heat, producing long after the earlier, shorter day varieties give up.

Aji Dulce Pepper

Native to the Caribbean, this strain of Aji Dulce packed with rich, tropical sweetness heralds from Puerto Rico. Also known as the "sweet habanero," Aji Dulce offers the rich, complex flavor of a habanero with hardly any of the heat. It ripens from lime green to red and is an essential ingredient for sofrito and many other Caribbean dishes.

Black Olive Ornamental Pepper

This All-American Selections winner is colorful and versatile and easy to grow! Dark midnight leaves, with flashes of bright emerald green are topped by bright purple flowers from midsummer through fall. The clusters of small, round peppers that follow, mature from green to black and ultimately crimson red. Flowers, fruit and foliage are stunning in containers, as a border plant or as a cut flower in mixed bouquets. Fruit is edible and HOT!

Brazilian Starfish Pepper

Originating in Peru and domesticated in Brazil, this Aji variety boasts unique star-shaped fruit with complex floral and fruity tones, perfectly offset by medium heat. With a weeping habit and a bounty of chilies hanging below arching stems, you will enjoy this edible ornamental from garden to plate or farm to table.

Corno Di Toro Pepper

A delicious Italian HEIRLOOM whose name translates to "horn of the bull," a tribute to the peppers' full, tapered shape. The 8-inch fruits mature from glossy green to dark red, are crisp with a full-bodied flavor, and pack a sweet and spicy tang. A versatile addition to your harvest, these peppers can be enjoyed raw, fried, stuffed or grilled. Excellent yield.

Early Jalapeno Pepper

Better adaption to cool conditions makes this pepper successful as an early-yielding jalapeño variety. Prolific yields of 3- to 4-inch long blunt fruits with the distinctive jalapeño flavor. The spicy fruits can be harvested dark green or allowed to ripen to red for maximum heat.

Flavorburst Pepper

A thick-walled, juicy, succulent bell pepper, infused with zesty and refreshing citrusy undertones. The elongated and blocky, thick-walled fruits are 4 inches long, nearly as wide, and ripen from lime green, to yellow then yellowish orange. Uniform and heavy yielding. If you like Bells, Flavorburst will not disappoint!

Habanada Snacking Pepper

Habanada is the heatless habanero with irresistible tropical and floral sweetness. The flavor and sweetness evolves as they ripen from lime green to fluorescent orange. Yields are abundant in average garden soil with minimal fertilization. Habanada is as versatile as it is flavorful. Seared, roasted, braised or raw, it will transform your concept of peppers.

Habanero Hot Pepper

HEIRLOOM immigrant from the Caribbean Islands and a close relative of the Jamaican Scotch Bonnet. To complement its searing heat, Habanero has a delicious, pungent, smoky quality unlike any other pepper. Wrinkled 2-inch by 1 1/4-inch fruits ripen from dark green to salmon orange. If you are after a taste of tropical heat, this pepper's for you.

Lemon Drop Hot Pepper

If you like citrus and peppery heat, then this HEIRLOOM, hailing from Peru, is one you should get to know. Also known as Aji Limon and Kellu Uchu, these 2-foot plants are covered with thin-walled, conical fruits that reach 2 to 3 inches in length and ripen to golden yellow. They offer a glorious clean, uncomplicated, flavorful bright heat. Although the heat is intense, it does not linger, instead leaving behind a lemony finish.

Jenny's Edibles & Blooms 2019

VEGGIES

jennysblooms@gmail.com

Lipstick Pepper

A staple in specialty markets, where it is considered by many to be the ultimate sweet pepper for gourmet salads, salsa and cooking. These super sweet and attractive, 4-inch long, tapered and blunt-tipped, pimiento type fruits ripen to a thick, red flesh. As reliable as it is pretty, with heavy yields, even where cool summers prevail.

Mini Belle Pepper Blend

A festive and charming mix of wee little peppers to adorn your garden or patio. While the 15-inch plant is compact, the yields are prolific. Your harvest of sweet, firm, mini Belles will be bountiful. Great fresh in salads and for snacking, yet hold up to stuffing, grilling and cooking.

Numex Twilight Pepper

Sunset-colored fruits start out purple and ripen to yellow, orange, and then red. 12" tall when grown in pots, 24-30" tall in the field. Spaced closely together, plants make a colorful hedge. The 3/8" x 3/4" fruits of this Piquin-type chile are very hot.

Petit Marseillais Pepper

A sweet French HEIRLOOM yielding 3- to 4-inch long, blocky, thin-skinned fruits that ripen to a sunset orange-yellow color. These compact 18- to 24-inch tall plants are an all-summer heavy producer, from mid-season until frost. Great for a mild sauce, roasting, salads, stuffing or pickles galore! Performs well in containers.

Serrano Pepper

Hailing from the foothills of Puebla, Mexico, the Serrano bears abundant candle-flame shaped fruit up to 3 inches long. The flavor is bright and biting, with a delayed fuse. Harvest at any stage, keeping in mind their kick intensifies as they age from green to orange to red.

Shishito Pepper

This prolific producer, popular in Japan, is a favorite among chefs worldwide. The 3 and 1/2 inch, thin-walled, heavily wrinkled fruits are mild when green and become slightly sweet when aged to red. The thin walls blister and char easily when pan-fried, roasted, grilled, and take on a smokey-rich flavor. There is an element of surprise when growing Shishitos — every now again one will have a shot of heat!

Sugar Rush Peach Pepper

Bred by hot pepper prodigy Chris Fowler of Wales, these exquisite sweet-hots are a happy accident courtesy of adventurous pollinators buzzing between various varieties of Aji Peppers. The fruits of this sumptuous snackers are packed with super sweet, tropical flavor, and the seeds bring a smokey, complex heat that in combination, creates an unparalleled flavor experience! Expect super early, high yields of these little beauties.

Thai Hot Pepper

Compact, 1-foot tall pepper, both edible and ornamental, is laden with festive, upturned 1-inch green fruits that mature to blazing red color with heat, zest and flavor to match! Scoville Rating: 50,000 to 100,000

Trinidad Perfume Pepper

As flavorful as it is prolific! Disguised in appearance as a habanero, this sweet seasoning pepper with a citrus-like taste and smoky undertones is a perfect low-heat option for tropical salsas and sauces. The 1 and 1/2-inch, lantern-like fruits, ripening from green to golden-orange are very aromatic when cooked and provide the perfect undertone for your island-inspired culinary endeavors.

Wisconsin Lakes Pepper

A reliable, early-maturing bell well-suited for Northern gardeners. Expect heavy yields of thick-walled, sweet, juicy, 4- to 6-ounce fruits that ripen from green to red.

Dragon's Tail Radish

This one-of-a-kind Asian HEIRLOOM radish is grown, not for its roots, but for the profusion of long, slender, curving purple seedpods that grow in breathtaking fashion. Akin to lacy clouds, these 3- to 4-foot leafy plants first produce a serene cloud of pink and white wildflowers, followed by a glorious display of 3- to 6-inch purple and green pods. Crisp and tender, delicious raw or cooked, the pods have a more nuanced spicy accent than a typical radish, and with none of the harshness. Scrumptious when pickled. Gourmet treat!

Watermelon Radish

An HEIRLOOM treasure from China, sometimes called Roseheart or Red Meat Radish, the Watermelon Radish has a ball-shaped root that is about 4 inches in diameter. Deep green shoulders fade to a bright white skin and finally a bright rosy, red flesh reminiscent of a summertime watermelon. Crispy, and with a mild, sweet flavor, it lends itself well to salads, garnishes and your favorite Asian dishes.

Jenny's Edibles & Blooms 2019

Rainbow Treasure Strawberry

Conversation starter! Rainbow Treasure is a festive edible with a trifecta of beautiful spring blooms in white, pink and rose, followed by juicy-sweet berries. With a creeping habit, it makes a great ground cover and will also excel in hanging baskets and containers.

Bush Delicata Squash

An All-America Selections Winner with a relatively tidy bush habitat bred for growing in containers. Cream-colored skin accented with forest-green stripes envelops smooth, orange flesh with a sweet, nutty flavor. Has yields superior to the classic Delicata and requires less space! The 1 1/2 - 2 lb. fruit store well, remaining edible for about 100 days. As a bonus, tolerant of powdery mildew.

Little Dipper Butternut Squash

Weighing in at just 2 pounds, 'Little Dipper' is a flavorful, personal sized squash with a small seed cavity and a bright orange, nutty tasting flesh that is easy to cut and prepare. Vines are vigorous, high yielding, very disease resistant! Stores equally as well as their full-sized kinfolks.

Scallop Sunburst Squash

The brilliant yellow color, crunchy texture, buttery flavor, and high productivity are all first rate. Designated as an AAS in 1985, Sunburst is the standard scallop-edge dish-shaped squash. The plant is a compact, open habit bush. For optimum tenderness and flavor, pick the squash young, when it is 2-3" in diameter.

Tivoli Spaghetti Squash

A high-yielding, versatile All-America Selection winner yielding 6- by 9-inch, pale yellow, oval fruits, packed with a delicious, sweet, creamy flesh that easily fluffs with a fork after roasting. This short-vined variety, with a sturdy, upright, 2-foot tall and 3-foot wide bush habit, is perfectly suited for containers. Like other Spaghetti Squash it will acquire a hard shell for long-term storage if let grown to full maturity; however, Tivoli may be picked young for use as a soft-shelled summer squash. Never get overwhelmed by your abundant harvest. Pick just what you need, and let the rest keep growing!

Zephyr Squash

A beautiful and great tasting squash that will produce like crazy all summer long! The distinctive, slender fruits are yellow with faint white stripes and light-green blossom ends and best harvested young at 4 to 6 inches to best capture the nutty flavor and firm texture. Zephyr has some great genes — a hybrid of yellow crookneck, Delicata and yellow Acorn squashes — and a larger open habit that makes for easy picking!

Purple Tomatillo

Next stop, Salsa Verde! This purple tomatillo yields a sharper and sweeter flavor than the classic green tomatillo. Harvest when husks have split and skins have achieved a deep purple hue. The flavor is superb when eaten right from the plant. Try adding a twist to your kabobs with this grilled gem.

Tomatillo Río Grande Verde

A prized, very high yielding and large-fruited tomatillo! The 3- to 4- ounce tomato-like fruit are considered the source of the "piquant" flavor in authentic Mexican cuisine. Harvest the apple-green fruits when their papery husks split for a great salsa verde. Can be stored for 1 to 2 months in a cool, dry place.

Apricot Zebra Tomato

Juicy, two-bite tomatoes with notes of a papaya-esque, tropical, fruity flavor. The brilliant, tangerine skins are embellished by prominent green striping that fades and almost disappears as the plants ripen. High yielding with excellent disease resistance

Black Cherry Tomato

An HEIRLOOM with plentiful clusters of juicy, beautiful, dusky, black and deep-red tomatoes that fully merits a place in your garden and on the dinner table. Flavor is complex, full, rich and sweet.

Blush Artisan Tomato

A favorite snacker in my garden. Blush is an extremely prolific yielder of elongated, oblong cherry-type tomatoes with a bright yellow bicolor, red stripes, blossom-end marbling and a pearl-like iridescence. They are very crack-resistant, have excellent field standing, and flavor is bright, sweet and tropical.

Brandywine Tomato

HEIRLOOM 1885 Indeterminate. Flavor is the main reason that this 19th century Amish heirloom tomato remains available. Large fruits range from 10-24 ounces and are borne on vigorous vines. They are flattened and irregular, a pinkish red. Many call it the best tasting tomato they have ever had.

Jenny's Edibles & Blooms 2019

VEGGIES

jennysblooms@gmail.com

Candyland Red Currant Tomato

Habit, yield and flavor won this currant tomato an All-America Selection award! While indeterminate, Candyland is neat and restrained, with exterior fruit setting on branched trusses to accelerate maturation and simplify harvest. This trouble-free plant yields ruby red, 1/4-ounce, super sweet gems, bursting with flavor all season long!

Cherokee Purple Tomato

A beloved HEIRLOOM believed to have originated with the Cherokee nation in Tennessee. This heavy-bearing legacy sets giant beefsteaks weighing about a pound and filled with intense violet-purple hues. Each tomato is a masterpiece of color and unmatched flavor that consistently ranks at the top in taste tests. A must have for tomato connoisseurs!

Chocolate Stripes Tomato

This luscious bicolor HEIRLOOM features mahogany colored flesh with olive green striping and complex, rich, earthy flavors. Expect a plentiful crop of 3- to 6-inch fruit.

Costoluto Genovese Tomato

A treasured HEIRLOOM, this fluted, old Italian favorite has been around since the early 19th century. It sets a long, generous crop of rather flattened, heavily lobed, fluted and deeply ribbed fruit. Costoluto Genovese is the secret ingredient in countless Italian family recipes and has recently gained popularity with chefs in this country. The flesh is deep red, robust, very acidic, tangy and intensely tomatoey! Not only a beautiful slicer, but a fabulous tomato for sauces, canning and juicing.

Dark Galaxy Tomato

This Galactic Beauty, with mottled skin resembling a scene from deep space, is another stunning introduction by Brad Gates from Wild Boar Farms. Each tomato is a unique work of art — two to eight ounce flattened fruits with red and orange stripes, random speckles, and swaths of deep blue. Even the vines boast a purple blush. A perfect balance of tangy-sweetness!

Glacier Tomato

An ultra early bearer that continues to reward throughout the growing season with delightfully sweet tomatoes. Glacier ushers in loads of flavorful, round, 2- to 3-inch, orangey-red fruit on compact, potato-leaved plants. It will be your first tomato of the season, and likely your last in the fall.

Honey Drop Tomato

Folks are always on the quest for an open-pollinated cherry that might rival the ubiquitous hybrid Sungold. With that in mind, this variety was bred here in Massachusetts — by Crabapple Farm in Chesterfield. There is a bit more variability of shape and color, with rich fruity sweetness in orange, gold and salmon-colored tones. Compared to Sungold, it is equally prolific, yet less acidic and less prone to cracking. Other growers also report that Honey Drop is more disease resistant and does not succumb to Early and Late Blight when other varieties do. We are excited to give this open-pollinated variety a try!

Indigo Blue Berries Tomato

As appealing to the palate and eyes as its name implies. The trusses of these delectable little cherry tomatoes bear green fruit, which then develop purple tops and crimson bottoms. Ultimately they ripen to a midnight black tone with deep, maroon-colored bottoms. These Indigo babies are not only sparkling with flavor, but brimming with the same glorious antioxidants found in the pigmentation of blueberries. A stunningly beautiful addition to your garden.

Juliet Tomato

This AAS winner is one highest yielding, most versatile, crack and disease resistant tomatoes that will reward you with nonstop production all season long! Somewhere between a grape and a Roma, Juliet fruits plump, deep-red, ultra-sweet yet meaty little fruits just 2-inches long and born on long trusses. With an engaging sweetness and complex richness, they lend themselves equally well to stewing, sauces or a beloved tomato sandwich!

Kellogg's Breakfast Tomato

This delicious HEIRLOOM from West Virginia sets massive 1- to 2-pound beautiful, sunny orange beefsteaks. The globes are rich, meaty, full-flavored, and superbly sweet. Simply unforgettable!

Marianna's Peace Tomato

A Czechoslovakian family HEIRLOOM dating back to the early 1900, Marianna's Peace is a potato-leaf variety with luscious yields of 1- to 2-pound, beefsteak-type fruit akin to Brandywine. This talk of the tomato world has found its way to Top 10 favorite tomato lists of gourmands worldwide for its rich, well-balanced, sublime and complex flavor reminiscent of the greatest "old-fashioned" tomatoes.

Mortgage Lifter

A legendary HEIRLOOM courtesy of "Radiator Charlie's" crossbreeding efforts. These huge beefsteaks average 2 1/2 pounds, but can weigh in at up to 4 pounds. Size aside, with their sweet, rich flavor they are consistently a standout in taste tests.

Mountain Magic Tomato

Heirloom quality meets modern-day disease resistance in this supersweet, Campari-type tomato. These "vine-ripened" tomatoes proffer clusters of 2-ounce, crack-resistant exquisite tasting fruit over the long harvest, with great ability to withstand both late and early blight.

Patio Choice Yellow Tomato

A compact, determinate, AAS winner developed specifically for small spaces, container gardens and hanging baskets. A canopy of 1/2-ounce, bright yellow, juicy, and mild cherry tomatoes sits atop this ultra-compact, cascading, disease resistant beauty. Grab your favorite 10- to 12-inch pot and just wait for the reward!

Pineapple Tomato

This huge, bicolor, beefsteak type is a real looker. The beautiful streaked red and yellow exterior yields an interior kaleidoscope swirl of red, pink, orange and yellow. A colorful addition to salads and sandwiches with a flavor that is robust, sweet and somewhat fruity with a hint of citrus. Fruits are up to 2 pounds each, very meaty and with few seeds. A high-yielding slicer to cherish!

Pink Berkeley Tie Dye Tomato

The vivid, rosy-blushed fruit of Pink Berkeley Tie Dye has an iridescent green skin with sunny yellow streaks and an interior that's a fascinating array of green with trails of red and yellow. The compact plants produce beautiful 8-12 ounce fruit with a very sweet, rich, complex, dark tomato flavor akin to the finest heirlooms. If you are a fan of Cherokee Purple, this one is a must! In a farmers market taste off, ten out of ten people preferred this tomato to Cherokee Purple.

Pork Chop Tomato

A true yellow beefsteak that starts off with green stripes and fully ripens to a radiating golden beauty, like sunshine on a vine. Fruits of Pork Chop are 8 to 12 ounces, slightly flattened, sweet, with a hint of citrus and oodles of flavor.

Rose de Berne Tomato

This Swiss émigré, often called the "Brandywine of Europe," is a beloved HEIRLOOM topping a host of taste tests. While only medium-sized, it delivers the robust flavor of the larger types. The dark rose-pink hue embodies a sweet, meaty flesh wonderfully balanced by a bit of zing.

Speckled Roman Tomato

Developed by John Swenson of Seed Savers Exchange, this elongated roma tomato is a cross between 'Antique Roman' and 'Banana Legs.' Fruit average 6-8 ounces, with bright red skin and golden streaks, a meaty flesh and few seeds. It not only looks extraordinary, it's a first-rate performer in the garden and in the kitchen. A profoundly flavorful paste and sauce tomato!

Stupice Tomato

A great, potato leaf variety from Czechoslovakia boasting extreme earliness, cold-tolerance, superior flavor and high yields. Expect buckets of beautiful red, small to medium sized fruits over a very long season!

Sungold Tomato

"Without these little babies, there's no summer." A perfect combination of deep sweetness with a hint of acid tartness. Small fruits, borne in prolific clusters, ripen very early to a rich apricot color and keep producing till frost. A must for garden snacks with a taste that can't be beat.

Tigerella Tomato

English HEIRLOOM Indeterminate. Unique fruits noted for their stripes. When immature they are a light green with dark green stripes. When mature the stripes alternate between red and a yellow orange. Two inch fruit have a very tangy flavor. Yields are very heavy, and quite early.
