

Jenny's Edibles & Blooms 2020		BLOOMS	<a href="mailto:jennysblooms@gmail.com">jennysblooms@gmail.com</a>
 <p><b>Agastache 'Arcado Pink'</b></p> <p>Spikes of vivid, pink flowers project above a flush of fresh green and profoundly aromatic foliage. This 18- to 24-inch plant will reward you with blooms, butterflies, bees and beneficials from early summer through to a hard frost.</p>	 <p><b>Agastache 'Arizona Sandstone'</b></p> <p>A wonderful compact hybrid in the Arizona series featuring spikes of gray-green, mint scented, terra cotta-orange, tubular flowers from early summer through fall. A floriferous and drought tolerant addition to your containers and borders. Stunning when combined with dark red or bronze-leaved plants. Like all Agastache, attractive to both bees, butterflies and hummingbirds.</p>		
 <p><b>Agastache 'Arizona Sun'</b></p> <p>In the sensational new Arizona series, Arizona Sun is a compact and uniform, 10-inch plant, with bright sunny yellow, mint-scented tubular flowers. Blooms in abundance throughout summer and into the fall. Hummingbirds and other pollinators love this carefree and drought tolerant plant.</p>	 <p><b>Agastache 'Astello Indigo'</b></p> <p>Indulge your senses with 'Astello Indigo' — fabulous dark, green, mint-scented foliage, layered with long-lasting, stately, deep blue flower spikes. Irresistible to bees and butterflies, a spectacle when planted en masse in landscapes, and a great pop of blue for your containers. A long-lasting bloomer that will not disappoint.</p>		
 <p><b>Agastache 'Champagne'</b></p> <p>Lemony-scented, blue-green foliage gives way to a cocktail of color with apricot, pale pink, and cream tubular blooms on the same 36-inch tall, flowering stalk. This long summer bloomer that is heat and drought tolerant, low maintenance, and will entice butterflies and hummingbirds to sample the nectar rich blooms until 'last call'.</p>	 <p><b>Agastache 'Fragrant Delight'</b></p> <p>A kaleidoscope of brilliant colors garnish this lovely delight. Tubular raspberry, lilac and orange flowers in summer and fall sit atop lacy, fragrant leaves on bushy 2 foot tall plants. Like other Agastache, the highly aromatic foliage is irresistible to butterflies, bees and hummingbirds.</p>		
 <p><b>Agastache 'Golden Jubilee'</b></p> <p>An All-American Selections Award Winner boasting blue-lavender bottle-brush flowers atop lush, rich chartreuse-yellow, mint-scented foliage. Best if given a bit of shade to protect the foliage color. This 30-inch looker is a pollinator's dream! Gardeners love it too!</p>	 <p><b>Agastache 'Heather Queen'</b></p> <p>This 30-inch Hyssop will reward you with a long-lasting display of large, dark-pink flower spikes atop gray-green aromatic foliage. Hummingbirds and other pollinators love this carefree and drought tolerant plant.</p>		
 <p><b>Agastache 'Kiowa Sunset'</b></p> <p>This Fleuroselect Award Winner offers a rich display of buttery-yellow, tubular flowers amidst deep-green aromatic foliage. A heavy bloomer from June to October, these 18-inch, bushy plants will delight both you and the pollinators. A wonderful addition to borders and containers.</p>	 <p><b>Agastache 'Purple Haze'</b></p> <p>This is an 32-inch tall, upright, clump-forming, decidedly cold hardy variety featuring a summer-to-fall bloom of tubular, smoky bluish-purple flowers atop gracefully erect, 12-inch long terminal spikes. Like other Agastache, the highly aromatic, anise scented, blue-green foliage is irresistible to butterflies, bees and hummingbirds.</p>		
 <p><b>Agastache 'Licorice Blue'</b></p> <p>An exceptional performer in the sun-drenched garden. Bees, butterflies and hummingbirds love to sample the nectar rich blooms of these tall bushy plants. Strongly anise-scented foliage and long blue flowers spikes will persist from early summer through until frost. Low maintenance, tolerates heat and drought once established.</p>	 <p><b>Agastache 'Raspberry Daiquiri'</b></p> <p>Vibrant raspberry red flowers, held atop blue-green wildly aromatic foliage on a compact, well-branched 10- to 12-inch tall plant make 'Raspberry Daiquiri' a great, bold choice for containers or the front of your border. This drought-tolerant, care-free, enduring bloomer is an excellent choice for attracting birds, bees and beneficial insects to your garden.</p>

## BLOOMS

[jennysblooms@gmail.com](mailto:jennysblooms@gmail.com)

### Alternanthera Purple Prince

This Latin American tropical has a splashy and colorful display of flawless foliage. A mounding, trailing, non-flowering 10- to 16-inch cascader, it is full-on purple and ruby-rose goodness from the get-go! A striking mingler for your window boxes and containers. Thrives in full sun, requires little water, disease-resistant.

### Dara Ammí

This ornamental, wild form of carrot is a spectacular, vividly-colored variety of Queen Anne's Lace. The lacy umbrellas atop strong sturdy stems reach up to 4-feet tall, open chaste white, change to soft pink and finally deepen to a rich rose-red. A delicate filler for your perennial beds and borders that provides a lovely everlasting for your arrangements and bouquets.

### Asclepias Tuberosa 'Butterfly Weed'

Commonly known as Butterfly Weed, Asclepias is a drought tolerant, native perennial with magnificent bright orange flowers concentrated in compact clusters atop branching stems. A non-stop bloomer from midsummer to autumn, the brightly colored flower clusters are followed by fruit and showy seed. The perfect choice for attracting butterflies and beneficial insects to your garden.

### Asclepias Tuberosa 'Hello Yellow'

This virtually hassle-free cultivar offers three months of showy clusters of golden yellow blooms adored by hummingbirds, Monarchs, bees, and other beneficial insects. Deadhead flowers to stimulate another bloom cycle. Green fruit develops after flowering which break open to reveal seeds with the same long silvery-white, silky hairs as its cousin, the common milkweed. Pick seedpods while still green for a wonderful addition to arrangements.

### Astrantia 'Star of Beauty'

Commonly called Masterwort, Astrantia, is a vigorous, floriferous, umbelliferous and stoloniferous clump-forming perennial. The domed pincushion-like blooms arise on 2- to 3-foot tall, wiry stems above palm-shaped leaves in late spring and early summer. An excellent cut flower, prized for fresh and dried floral arrangements as bracts remain attractive well after bloom. This cottage-garden favorite is best grown in organically rich, medium to wet, well-drained soils in part shade or near a woodland edge. The two-tone bracts of 'Star of Beauty' form a white center with deep, dusty purple tips.

### Astrantia 'Star of Billions'

Commonly called Masterwort, Astrantia, is a vigorous, floriferous, umbelliferous and stoloniferous clump-forming perennial. The domed pincushion-like blooms arise on 2- to 3-foot tall, wiry stems above palm-shaped leaves in late spring and early summer. An excellent cut flower, prized for fresh and dried floral arrangements as bracts remain attractive well after bloom. This cottage-garden favorite is best grown in organically rich, medium to wet, well-drained soils in part shade or near a woodland edge. 'Star of Billions' yields an airy display of whites and greens with rosy undertones.

### Astrantia 'Star of Fire'

Commonly called Masterwort, Astrantia, is a vigorous, floriferous, umbelliferous and stoloniferous clump-forming perennial. The domed pincushion-like blooms arise on 2- to 3-foot tall, wiry stems above palm-shaped leaves in late spring and early summer. An excellent cut flower, prized for fresh and dried floral arrangements as bracts remain attractive well after bloom. This cottage-garden favorite is best grown in organically rich, medium to wet, well-drained soils in part shade or near a woodland edge. Dark stems and smoky burgundy-red flowers with white centers make 'Star of Fire' a standout.

### Astrantia 'Star of Royals'

Commonly called Masterwort, Astrantia, is a vigorous, floriferous, umbelliferous and stoloniferous clump-forming perennial. The domed pincushion-like blooms arise on 2- to 3-foot tall, wiry stems above palm-shaped leaves in late spring and early summer. An excellent cut flower, prized for fresh and dried floral arrangements as bracts remain attractive well after bloom. This cottage-garden favorite is best grown in organically rich, medium to wet, well-drained soils in part shade or near a woodland edge. 'Star of Royals' captivates with ivory blooms, pink veins and green-tipped bracts.

### Bachelor's Button 'Blue Boy'

This long-blooming, easy-to-grow, self-seeding annual will reward you with consistently true-blue, double flowers on 3-foot tall plants throughout the growing season for years to come. A cottage garden favorite. Ideal for naturalizing, cutting and drying. Edible petals make a stunning garnish

### Bells of Ireland

This showy 2- to 3-foot tall plant produces blossom spikes of papery, apple green, bell-shaped calyxes enveloping small white flowers. An extremely long-lasting and striking addition to both cut and dried arrangements. In the vase, it's a perfect foil for more brightly colored annuals whilst adding form, structure, and interest in its own right. A self-sower that can usually be relied upon for years of successive blooms.

# Jenny's Edibles & Blooms 2020

## BLOOMS

[jennysblooms@gmail.com](mailto:jennysblooms@gmail.com)

### Blackberry Lily

This uncommon, easy-care perennial, too seldom seen in American gardens, features the foliage of an Iris, the blooms of a Lily, and unusual glossy black berries that form in clusters when its seedpods split open in fall. Long-blooming and very easy to grow, it is a fine addition to any planting. The jazzy, unusual blooms arriving mid-summer are borne at the end of long, wiry stems, reach 2 inches wide and have a rich orange base and liberal scarlet speckles. Fascinating to behold in the garden and often brought indoors for arrangements.

### Calendula 'Cantaloupe'

Beautiful large flowers in a warm blend of creamy white and apricot pink embellish this 18- to 24-inch tall plant. Deadhead regularly to keep the blooms coming. This versatile addition to your garden is not only a stunning cut flower, but medicinal, edible and a host to beneficials and pollinators. Can be used to make salves, tinctures, oils and fresh or dried in "flower confetti," soups, soufflés, rice dishes, baked goods, and to garnish desserts. Explore the possibilities!

### Calendula 'Pacific Apricot Beauty'

This lovely old-fashioned variety features many-petaled flowers in warm apricot, brushed with creamy yellow, held atop tall stems. The edible petals and flowers are lovely strewn across a summer salad, and are a great add to breads and healing balms. The blooms of this 2-foot tall plant are also ideal cut flowers.

### Calendula 'Pink Surprise'

Peachy-pink, double-flowered, frilly, 2 to 3 inch blooms on strong stems make 'Pink Surprise' an excellent candidate for both fresh and dried floral arrangements. The tangy petals of this self-sower are also edible — sprinkle on salads, decorate cakes or feed them to chickens to produce dark colored yolks.

### Calendula 'Zeolights'

Selected out of the "Flashback" line of Calendulas, with red petal backs, Zeolights has huge fully doubled pale, peachy and bronze colored blooms atop 18- to 24-inch stems. Pointed petals emanate from a darker center and have a unique, elegant, layered quality that really make this bloom a standout.

### Cosmos Apricot Lemonade

A Fleuroselect Novelty Winner, this early flowering cosmos is whimsical, sophisticated and elegant all at the same time! A buttery display of 3- to 4-inch, individually unique blooms, in hues ranging from soft lemon to pastel apricot, embellish the airy, fern-like foliage of this 2-foot tall variety. Central pink halos and silky pink undersides add to the charm of these dainty blooms. The magic will continue well into fall if deadheaded. Excellent cut flower.

### Cosmos Double Click Bicolor Pink

A romantic, free-flowering mix flaunting soft creamy whites, contrasting dark pink edges and a blushed, sliding scale of color in between. No two blooms are alike! This 3-foot tall, cut-and-come-again treat yields a profusion of gorgeous 2- to 3-inch double and semi-double bicolor blooms on long, strong stems. Perfect addition to your cutting garden or mixed border.

### Cosmos Double Click Bicolor Violet

This 3-foot tall, cut-and-come-again bloomer yields a profusion of gorgeous 2- to 3-inch double and semi-double, bicolor blooms on long, strong stems for cutting. Purples and whites mingle around golden centers to create a visual feast with no two flowers alike!

### Cosmos Double Click Cranberries

Tall plants with strong stems support fully double and semidouble, 2- to 3-inch, ruffled, rich, carmine blooms. A wonderful addition to the cutting garden or flower border. Breathtaking in bouquets.

### Double Click Rose Bon Bon

Tall and very floriferous with 2- to 3-inch, fluffy and frilly, fully double rosy-lavender blooms. Perfect for cutting abundant bouquets all summer long.

### Double Click Snow Puff Cosmos

Enjoy lively, very large, long-blooming double white flowers perched opening above airy, fern-like foliage on 3- to 4-foot tall well-branched plants. This cut-and-come-again bloomer will reward you from mid-summer through frost.

### Craspedia

Commonly known as Billy Button or Drumstick, the striking golden-yellow blooms of this wildflower native to New Zealand and Australia make a great addition to bouquets. The 1-inch globes sit atop long, stiff stems amidst grass-like, silvery green foliage. Long vase-life as a cut flower, and retains vivid color when dried.

# Jenny's Edibles & Blooms 2020

## BLOOMS

[jennysblooms@gmail.com](mailto:jennysblooms@gmail.com)

### Delphinium consolida 'Frosted Skies'

This timeless cottage garden favorite is an upright and stately, strong-stemmed bicolor with 3-foot tall spires of frosty blues and whites. This self-sowing, cold-tolerant, early blooming, hardy annual makes a great cut flower with long vase life.

### Echinacea Cheyenne Spirit

A stunning first-year flowering echinacea with hues ranging from rich purple to pink, red, salmon, yellows, creams and white. The abundant flowers grace the top of well branched, durable plants. Well suited to your perennial border, a mass landscape planting, a butterfly garden or as a cut flower.

### Echinacea Mellow Yellows

A beautiful and long-lasting coneflower, with a display that will not disappoint! New buds, unfurling blooms and aging petals in a pleasing palate of buttery ivory, banana, lemon yellow, melon, mango and even pumpkin! This sturdy, drought-tolerant, floriferous plant is an excellent cut flower and a great source of nectar and seed that will please pollinators week after week.

### Feverfew 'Tetra White'

This, perennial treasure will add an element of grace and charm to your early spring and early summer garden. Little rosettes of gathered white petals, encircling citrusy lemon-line centers, form frilly little, fully double 1-inch blooms atop 3-foot tall stems. A very productive cut flower.

### Gomphrena Globosa Qis Pastel Mix

This late summer darling thrives in heat and is delightful both in the garden and the vase. A cut-and-come-again workhorse with charming button-like blossoms in a mix of white, rose, soft pink and pale lilac. The clover-like blossoms atop uniform stems are perfect for both your fresh and dried bouquets.

### Gomphrena haageana Qis Sunset Mix

This late summer darling thrives in heat and is delightful both in the garden and the vase. A cut-and-come-again workhorse with button-like blossoms in a mix of orange, carmine and cherry add a bright pop of color to your summer gardens and arrangements. The clover-like blossoms atop uniform stems are perfect for both your fresh and dried bouquets.

### Ornamental Bunny Tails Grass

Neat and compact 20-inch tall plants, with graceful green blades, boast fluffy spires that transition from a soothing chartreuse to a delicate cream — Colors effortlessly softening as they age. Spectacular planted en masse. Allow spires to age on the plant for late fall and winter interest or cut and use as an everlasting in dried arrangements. Will last for months — refusing to shatter the way some textured grasses do after drying.

### Hyacinth Bean 'Ruby Moon'

Award-winner with color all season. Green and wine-colored foliage, purple stems, lilac-rose blossoms and shiny, magenta pods (2-3"). While all parts of the plant are edible, it is recommended that the mature seeds be boiled before eating; used in Asian, Thai and Indian cooking. Useful as cut flowers; pods may also be dried.

### Lemon Gem Marigold

Hundreds of petite, edible, golden flowers cover neat, low mounds of lacy foliage with a citrusy scent. When planted in trios, these long bloomers give the thick, rounded appearance of a small flowering shrub. Not only great for beds, borders and containers, the fragrant edible excels as a companion in the vegetable garden to repel unwanted guests.

### Tangerine Gem Marigold

Hundreds of bite-size, petite flowers cover neat, low mounds of lacy foliage with a citrusy scent. The long-blooming edible flowers are well-suited for beds, borders, containers and salads. Also an excellent companion plant for your veggie garden.

### Strawberry Blonde Marigold

This breakthrough French marigold will captivate you with a floriferous rush of bicolor pastel pink, rose and yellow blooms, with never-before-seen cool shades in the marigold palette. The drama continues to unfold throughout the season as the colors of this vigorous, bushy, 8- to 10-inch stunner evolve as the temperatures change. Glorious when planted en masse in drifts or blocks. Edible flowers.

### Mountain Mint

*Pyroanthemum muticum* is a true magnet for beneficials! This 3-foot tall, profoundly aromatic, perennial wildflower will be dancing in your garden with the fluttering of bees and butterflies. The decidedly showy and nectar-filled landing pad for pollinators is formed by tiny, pinkish-white flowers, fuzzy blue-green, silvery bracts and oval toothed leaves sitting atop strong square stems. With a strong clump-forming growth habit, it is a good naturalizing plant, and also drought tolerant. Unlike true mints (*Mentha* species), mountain mint is not invasive. Slowly spreads by rhizomes.

# Jenny's Edibles & Blooms 2020

## BLOOMS

[jennysblooms@gmail.com](mailto:jennysblooms@gmail.com)

### Bloody Mary Nasturtium

This 2019 Fleuroselect winner will captivate you with a dramatic and moody array of 2-inch, bicolor blooms in hues of deep reds, corals and creams. Both leaves and flowers of this mounding variety are edible with a peppery zing.

### Caribbean Cocktail Nasturtium

The blending of pastels and bicolors in delicious shades of strawberry, raspberry, apricot, and cream. Result is an astonishingly soothing carpet of color. Both leaves and flowers are edible with a peppery zing.

### Crimson Emperor Nasturtium

This gem will reward you with an endless supply of consistently rich crimson, golden-throated blooms. Habit of this hummingbird magnet is less trailing, more lax and bushy — making a spectacular spreading ground cover. An abundance of leaves and flowers to add extra zing to your salad!

### Double Delight Cream Nasturtium

A mounding, lush, full-bodied nasturtium smothered with fully and semi-double, creamy-yellow blooms floating amidst bright green foliage. As one of the most floriferous nasturtium varieties, you will have a non-stop floral display for your beds, boxes or containers. Both leaves and flowers are edible with a peppery zing.

### Gleam Mix Nasturtium

This All-American winner is a trailer, ideal for hanging baskets and moderate spreading, with vines that are substantially longer than Jewel Mix. Large double and semi-double blooms in creams, yellows, orange and reds will brighten up your pots and borders from midsummer until frost. The flowers and young leaves are edible with a spicy, peppery flavor akin to watercress. Great as a garnish or for adding zip to your salads!

### Jewel Mix Nasturtium

A nice compact 15 to 18-inch plant with bright, colorful double blooms in yellow, orange and deep red held above light green foliage. Will reward you with blooms until frost. Both leaves and flowers are edible with a peppery zing.

### Nasturtium Ladybird Rose

Ooh La La! Eye-catching blooms in smoky, raspberry-peach hues, with richly veined and saturated petals dance amidst an 18-inch mound of bright green foliage. A lovely embellishment for your potager, containers or window boxes. Both leaves and flowers are edible with a peppery zing.

### Nasturtium Troika Red

This semi-trailing variety with luxurious variegated leaves is a high-performing super-bloomer. An extravaganza of boisterous red blooms are held high above the handsome foliage of this 2- to 3-foot wide garden treasure. Perfect in containers, window boxes or as a gorgeous seasonal ground cover. Both leaves and flowers are edible with a peppery zing.

### Nasturtium Variegated Queen

Noteworthy for their attractive, white variegated foliage and beautiful flowers in a full range of color. Both leaves and flowers are edible with a peppery zing.

### Nasturtium Whirlybird Mix

Among the earliest blooming nasturtiums, this cheerful mix will become a fast favorite! Whirlybird boasts a gorgeous array of cherry, tangerine, scarlet, mahogany, lemon and creamy 2- to 3-inch, semi-double blooms that hold their faces straight up and well above the dark green compact foliage, for a "look-at-me" kind of display. Easily adaptable to your baskets, containers, beds and borders. Both leaves and flowers are edible with a peppery zing.

### Nicotiana Langsdorfii 'Lemon Tree'

This striking Nicotiana has 3- to 4-foot tall stems sporting an array of pendulous, bell-shaped, lemony-chartreuse flowers. Easy companion plant in your borders as the color of 'Lemon Tree' so readily combines with others. Will also not disappoint you as a cut-flower. Intense evening fragrance is a bonus!

### Nicotiana 'Marshmallow'

This visually stunning cultivar of flowering tobacco will add stature, grace and fragrance to your summer borders. Large basal leaves give rise to masses of 24-inch stems topped with sweetly scented tubular flowers. The flowers fade through red, pink, and white to give the effect of a beautiful pastel tri-color plant. Pollinators, including hummingbirds, love it.

# Jenny's Edibles & Blooms 2020

## BLOOMS

[jennysblooms@gmail.com](mailto:jennysblooms@gmail.com)

### Nicotiana 'Starlight Dancer'

The long tall stems of this floriferous, Fleuroselect winner sport clusters of graceful, nodding, pale-chartreuse buds that open a clean, bright white. Loved by pollinators and hummingbirds. Will flower all summer long when deadheaded regularly.

### Petunia Shock Wave Denim

A powerhouse bloomer! The Shock Wave series boasts an endless array of weather-resistant, mini, self-cleaning blooms. Hues of smokey lavender to high-impact violet, 1 1/2-inch blooms adorn this spreading beauty. New buds continually set from the center perpetuate and maintain the gloriously lush and full habit throughout the growing season.

### Petunia 'Sparklers Mix'

This Petunia garnering the Fleuroselect Novelty Award is entirely unique. Both the flowers and the greens are pointed, yielding perfectly star-shaped petunias amidst graceful, tapered foliage. This dynamic blend combines pinks, violets and purples, from pastel to deep jewel tones, and bicolors. These mounding 12-inch plants put on a magnificent display whether cascading out of hanging baskets or planted in borders and beds.

### Corn Poppy

Papavaer Rhoeas, also known as Flander's Poppy, is the beloved and classic red poppy, captured by Van Gogh and Monet and seen sweeping fields throughout Europe — most notably Flander's Field. Brilliant red flowers perch atop branching 3-foot stems. Expect these cheerful bloomers to self-sow for new growth in succeeding seasons. A sight to behold en masse!

### Rudbeckia 'Chim Chiminee'

This mid-sized variety is a standout due to its very unusual narrow or quilled petals surrounding a brown cone. Flowers are in rustic shades of yellow, gold, orange and mahogany red. A mass of blooms from July to frost. Half-hardy perennial. Often survives a few winters, or at least self seeds.

### Rudbeckia 'Sahara'

A moody twist on a classic garden favorite! Semi-double and double flowers in unique shades of antique rusty-rose, soft pink-red, pale-lemon, apricot and copper bloom dependably from midsummer to fall on 20- to 24-inch tall strong stems. Dependable blooms beginning midsummer make this pick not only worthy for your beds and borders, but an excellent cut!

### Salvia 'Big Blue'

Simply breathtaking! This pollinator's dream thrives on neglect — heat-tolerant, drought-tolerant and requires no deadheading. With brilliant, 2- to 3-foot tall, clear blue spires towering above a lush 2-foot wide mound of glorious green foliage, this vigorous bloomer will be a show-stopper in your border from July to first frost. Best in full sun, but will tolerate dappled shade or partial sun.

### Silene Blushing Lanterns

Also known as Maiden's Tears, this extremely productive, romantic and decidedly feminine perennial will bring a soft elegance to your beds, meadows and bouquets from early summer through autumn. Airy, 24-inch tall, grey-green stems arise from a succulent basal rosette and are covered in miniature pale green balloon-like pods, veined with blush and encircled with dainty white petals. The alluring pods remain even after the petals drop.

### Strawflower Apricot Mix

These 3 foot-tall, well-branched plants produce loads of vibrant, 2 to 3 inch papery, daisy-like flowers in a warm mix of peaches and apricots. Stiff and everlasting when dried, the blooms will add a versatile and textural addition to your cutting garden. They are easy to grow, tolerant of both heat and drought, this everlasting will reward you indefinitely.

### Strawflower Fireball

This profuse bloomer provides great contrast in fresh and dried arrangements. Standing 36 to 40 inches tall, these well-branched plants yield dark-wine, nearly black, 2 1/2 inch flowers with contrasting fiery-orange centers when fully open.

### Sunflower Italian White

A.k.a. Italian Greenheart, this unique multi-branching sunflower has creamy white, daisy-like, pointed petals with contrasting green to black centers. Grows 4 to 6 feet tall.

### Sunflower New Hybrids

This architectural gem boasts a gorgeous palette of golds and bronzes, with delightful contrasting centers, on well-branched plants. These 2- to 3-inch, endearing blooms can be enjoyed as a specialty cut or as a wonderful accent at the back of your sunny garden border.

Jenny's Edibles & Blooms 2020		BLOOMS	<a href="mailto:jennysblooms@gmail.com">jennysblooms@gmail.com</a>
<b>Sunflower Starburst Lemon Aura</b>  This well-branched variety, stands four to six feet tall, and is loaded with 24-inch stems that make excellent cuts. Pollenless, fully-double, 4- to 6-inch, crested blooms are a gorgeous pale-yellow, with a subtle green center. Perfect for brightening up a mixed border and for bouquet work.		<b>Sweet Pea 'Blue Shift'</b>  Bred by Dr. Keith Hammett, this lightly fragrant yet vibrant bloomer gracefully ages from mauves to shades of violet, true blue and even an iridescent turquoise. The shifting shades will transform your trellis into an enchanting new floral vista with the passage of each day.	
<b>Sweet Pea 'Cocktail'</b>  This frilly, fragrant and flirty, burgundy-violet bicolor bloomer exemplifies the Spencer varieties — intoxicating perfume, extra large flowers and exhibition quality blooms.		<b>Sweet Pea 'Enchante'</b>  Fabulously feminine, decidedly exquisite! This alluring tricolor variety, bred by Dr. Keith Hammett, is a brilliant blend of cherry pink, white and lavender.	
<b>Sweet Peas 'Gwendoline'</b>  A prolific cut boasts gently ruffled, deep cerise-rose petals arising from a white base atop long, strong stems. The dramatic, perfume-rich blooms are a show-stopper!		<b>Sweet Pea 'Just Jenny'</b>  A prolific cut boasts gently ruffled, deep cerise-rose petals arising from a white base atop long, strong stems. The dramatic, perfume-rich blooms are a show-stopper!	
<b>Sweet Pea 'King's High Scent'</b>  Among the most fragrant of all the sweet peas! King's High Scent is a heavy producer of gorgeous, large-flowered cream blooms edged in violet. Superb cut — One bouquet of flowers will scent an entire home! Plant near porches, open windows and outdoor sitting areas to fully enjoy.		<b>Sweet Pea 'Lizbeth'</b>  This award winning Spencer variety is a deservedly popular exhibition sweet pea. A creamy base gives rise to large, deep salmon-pink blooms on long, strong stems. An exquisite cut flower!	
<b>Sweet Pea 'White Frills'</b>  A reliable performer with thick, robust foliage and especially fragrant, large, clean white, ruffled flowers. A first class cut flower and true garden workhorse!		<b>Tassel Flower 'Irish Poet'</b>  RARE - The rediscovered light orange form of tassel flower, almost lost in the last 20 years. Little tufted paintbrush blossoms dance on the tops of curvy stems. Great in masses, or weaving among other annuals. Self sows.	
<b>Thunbergia alata 'African Sunset Mix'</b>  This fantastic annual climber is adorned with a preponderance of open saucer blooms in warm shades of melon, coral, sand and buff surrounding deep burgundy eyes. Allow this heat-loving vine to trellis or cascade in a sunny spot, fertilize well, and you will be rewarded with an exuberant floral display through the summer and up until our first frost.		<b>Torch Tithonia</b>  Best Tithonia for cutting. Flowers are 3 1/2 inches wide on strong branching plants with velvety dark green leaves. Blooms midsummer to frost. Loves hot dry sites. Once you have Tithonia in your garden, it's hard to live without!	
<b>Verbena Bonariensis</b>  This well-loved beauty makes an architectural statement with rich lilac-purple flower clusters floating atop slender, willowy stems that stand un-staked up to 6 feet tall. Good see-through plant for a splash of color and in mass plantings.		<b>Yarrow Summer Berries</b>  This perennial yarrow is truly delightful! The 24- to 30-inch upright, bushy plant with fern-like foliage is covered with a canopy of 3- to 5-inch blooms in shades of raspberry, peach, coral, blush, rose and buttercream. A versatile player for both fresh and dried bouquets, this pollinator magnet will thrive on neglect in any sunny spot!	

# Jenny's Edibles & Blooms 2020

## BLOOMS

[jennysblooms@gmail.com](mailto:jennysblooms@gmail.com)

### Benary's Deep Red Zinnia

From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! Rich and dramatic, the color of 'Benary's Deep Red' will not disappoint!

### Benary's Giant Lime

Looking for an excellent cut flower? This recommendation by the Association of Specialty Cut Flower Growers yields masses of long, sturdy stems with 3- to 4-inch, fully double, dahlia-like chartreuse blooms. These are outstanding massed in the landscape, holding up well in summer heat and rain, and jaw-dropping in mixed bouquets with an excellent vase life.

### Benary's Giant Orange Zinnia

From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! This clear bright orange will pop in your garden and bouquets.

### Benary's Giant Salmon Rose Zinnia

From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! 'Benary's Giant Salmon Rose' is a versatile, warm peachy color that softens with age and pairs equally well with pastel and vibrant colors in your garden or vase.

### Golden Hour Zinnia

Cultivated by Floret, this Zinnia collection of buff, honey and soft apricot blooms started from two single plants discovered in their fields. Over years they selected out the palest antique melon shades to bring this unique, vintage-appearing bloom to market. Named for a favorite time of day on the farm, the golden hour just before sunset, the warm shades of this mix are equally soul-soothing.

### Isabellina Creamy Yellow Zinnia

This HEIRLOOM zinnia standing 3-feet tall boasts beautiful, soft, creamy-yellow single and fully double blooms. An excellent cut flower and addition to your mixed borders.

### Oklahoma Salmon Zinnia

This 3-foot plant yields long, strong stems with petite 1½- to 2½-inch, double and semi-double blooms in a warm blend of salmon and peach. A prolific, floriferous and disease-resistant beauty that will reward you with a summer of blooms!

### Zinnia Profusion Apricot

This landscaping series is designed for large plantings or containers. Unlike the cutting Zinnias, Profusion is a dense, bushy, many-flowered little plant that covers ground and literally fills the garden with color. Light coral petals envelop a rich terra-cotta eye. An All-America Selection Award winner, these plants have bushy habit, 14-inches high and a full 24-inches wide and are covered all season with 2½- to 3-inch, daisy-like, double blooms. An easy-to-grow show stopper!

### Zinnia Profusion Double White

This landscaping series is designed for large plantings or containers. Unlike the cutting Zinnias, Profusion is a dense, bushy, many-flowered little plant that covers ground and literally fills the garden with color. An All-America Selection Award winner, these plants have bushy habit, 14-inches high and a full 24-inches wide and are covered all season with clean white, 2½- to 3-inch, daisy-like, double blooms. An easy-to-grow show stopper!

### Zinnia Profusion Red

This landscaping series is designed for large plantings or containers. Unlike the cutting Zinnias, Profusion is a dense, bushy, many-flowered little plant that covers ground and literally fills the garden with color. An All-America Selection Award winner, these plants have bushy habit, 14-inches high and a full 24-inches wide and are covered all season with vibrant, perfectly true-red, 2½- to 3-inch, daisy-like blooms. Beloved by pollinators and an easy-to-grow show stopper!

### Zinnia Queen Lime

Just wow! Queen Lime is a unique mix of bold, glowing and chartreuse, 2- to 3-inch double and semi-double blooms perched atop strong 25-inch stems. This well-branched plant is a triumph in floral bleeding with glorious stature in the garden and when cut, ideal for long-lasting bouquets.

### Zinnia Queen Lime 'Blotch'

Another looker in the Queen Lime Series! These 18-inch tall, robust Zinnias offer a mix of rosy-centered, sturdy, single, double and semi-double, 3-inch blooms that transition through subtle contrasting color combinations of rose, yellow and lime green. A total treat for mixing in bouquets and equally fun to let this dramatic bloom do its thing in your border.

Jenny's Edibles & Blooms 2020		BLOOMS	<a href="mailto:jennysblooms@gmail.com">jennysblooms@gmail.com</a>
Zinnia Queen Lime Orange		Zinnia Queen Red Lime	
	A 2018 All-American Selections winner and another innovative addition to the Queen series! Eye-catching, 2- to 3½-inch, double and semi-double, deeply fluted, dahlia-like coral blooms with a blush of lime and rosy centers sit atop 36-inch tall plants. The sophisticated color gradient of these blooms gives them a unique three-dimensional appearance. This dynamic beauty will reward you in the landscape and again in your bouquets with		These exotic and unusual bicolored Zinnias flaunt a stunning chromatic display of burgundy outer petals that gradually lighten to a creamy lime center, punctuated again by a central burgundy-pink eye. A mix of semi-double and fully double, 2- to 3-inch blooms are held atop sturdy stems on these 18-inch, well-branched plants. An eye-catching flower, ideal for long-lasting cut arrangements.
Zinnia 'Senora'		Zinnia Zinderella Lilac	
	With twisted and shaggy petals, this lush and prolific bloomer will yield a bumper crop 3- to 5-inch blooms in various warm salmon-salmon shades. With long, strong stems, 30- to 40 inches tall, this is an outstanding cut-and-come-again flower you can enjoy up until frost.		This Fleuroselect Novelty Award winner is a scabiosa-flowered zinnia with exceptional and frilly, 2½-inch, blush-lavender crested blooms with a striking dark eye. Long, strong stems and tufted blooms of this 30-inch plant make them a winning summer crop and wonderful bouquet addition.
Zinnia Zinderella Peach			
	This Fleuroselect Novelty Award winner is a scabiosa-flowered zinnia with exceptional and frilly, 2½-inch, peachy-salmon crested blooms with cream centers, and a striking dark eye. Long, strong stems and tufted blooms of this 24-inch plant make them a winning summer crop and wonderful bouquet addition.
