

Jenny's Edibles & Blooms 2022		BLOOMS	jennysblooms@gmail.com
	Spikes of tubular flowers in rich shades of peach, orange, and rose provide striking contrast to the cool, silvery green, finely textured foliage. The leaves are profoundly aromatic, with scents akin to anise, mint or even root beer, depending on your olfactory inclination. A heavy bloomer from June to October, superb for cutting and attracting bees, hummingbirds and butterflies.		In the sensational new Arizona series, Arizona Sun is a compact and uniform, 10-inch plant, with bright sunny yellow, mint-scented tubular flowers. Blooms in abundance throughout summer and into the fall. Hummingbirds and other pollinators love this carefree and drought tolerant plant.
	Indulge your senses with 'Astello Indigo' — fabulous dark, green, mint-scented foliage, layered with long-lasting, stately, deep blue flower spikes. Irresistible to bees and butterflies, a spectacle when planted en masse in landscapes, and a great pop of blue for your containers. A long-lasting bloomer that will not disappoint.		A kaleidoscope of brilliant colors garnish this lovely delight. Tubular raspberry, lilac and orange flowers in summer and fall sit atop lacy, fragrant leaves on bushy 2 foot tall plants. Like other Agastache, the highly aromatic foliage is irresistible to butterflies, bees and hummingbirds.
	This 30-inch Hyssop will reward you with a long-lasting display of large, dark-pink flower spikes atop gray-green aromatic foliage. Hummingbirds and other pollinators love this carefree and drought tolerant plant.		An exceptional performer in the sun-drenched garden. Bees, butterflies and hummingbirds love to sample the nectar rich blooms of these tall bushy plants. Strongly anise-scented foliage and long blue flowers spikes will persist from early summer through until frost. Low maintenance, tolerates heat and drought once established.
	Add drifts of soft color and heady scent to your gardens with this neat and tidy variety. Graceful wands of lavender-rose tubular blooms atop gray-green aromatic foliage beckon hummingbirds, pollinators and beneficials. A carefree, long summer bloomer that is low maintenance, heat and drought tolerant. Eye-catching when massed.		Bring a pop of blue to your borders and containers all season long with this attractive annual flaunting layers of bright, almost furry, blossoms atop 16-inch plants. Taller and more vigorous than other landscape ageratums, the pollinators will also relish these blooms. A cut-and-come-again delight to embellish your summer posies with color and texture.
	This Latin American tropical has a splashy and colorful display of flawless foliage. A mounding, trailing, non-flowering 10- to 16-inch cascader, it is full-on purple and ruby-rose goodness from the get-go! A striking mingler for your window boxes and containers. Thrives in full sun, requires little water, disease-resistant.		This ornamental, wild form of carrot is a spectacular, vividly-colored variety of Queen Anne's Lace. The lacy umbrellas atop strong sturdy stems reach up to 4-feet tall, open chaste white, change to soft pink and finally deepen to a rich rose-red. A delicate filler for your perennial beds and borders that provides a lovely everlasting for your arrangements and bouquets.
	Also known as Winged Everlasting, a basal rosette of leaves yields gently nodding, 24-inch tall, ribbed or winged stems, topped with abundance of 1/2 to 3/4 inch, papery, silvery-white bracts with cheerful yellow centers. An excellent choice for both fresh cuts and dried flower production. Best harvested when half open, before the center is fully exposed. Enjoy late spring through early fall.		Commonly known as Butterfly Weed, Asclepias is a drought tolerant, native perennial with magnificent bright orange flowers concentrated in compact clusters atop branching stems. A non-stop bloomer from midsummer to autumn, the brightly colored flower clusters are followed by fruit and showy seed. The perfect choice for attracting butterflies and beneficial insects to your garden.

Jenny's Edibles & Blooms 2022

BLOOMS

jennysblooms@gmail.com

Asclepias Tuberosa 'Hello Yellow'

This virtually hassle-free cultivar offers three months of showy clusters of golden yellow blooms adored by hummingbirds, Monarchs, bees, and other beneficial insects. Deadhead flowers to stimulate another bloom cycle. Green fruit develops after flowering which break open to reveal seeds with the same long silvery-white, silky hairs as its cousin, the common milkweed. Pick seedpods while still green for a wonderful addition to arrangements.

Bachelor's Button 'Blue Boy'

This long-blooming, easy-to-grow, self-seeding annual will reward you with consistently true-blue, double flowers on 3-foot tall plants throughout the growing season for years to come. A cottage garden favorite. Ideal for naturalizing, cutting and drying. Edible petals make a stunning garnish

Bells of Ireland

This showy 2- to 3-foot tall plant produces blossom spikes of papery, apple green, bell-shaped calyxes enveloping small white flowers. An extremely long-lasting and striking addition to both cut and dried arrangements. In the vase, it's a perfect foil for more brightly colored annuals whilst adding form, structure, and interest in its own right. A self-sower that can usually be relied upon for years of successive blooms.

Blackberry Lily

This uncommon, easy-care perennial, too seldom seen in American gardens, features the foliage of an Iris, the blooms of a Lily, and unusual glossy black berries that form in clusters when its seedpods split open in fall. Long-blooming and very easy to grow, it is a fine addition to any planting. The jazzy, unusual blooms arriving mid-summer are borne at the end of long, wiry stems, reach 2 inches wide and have a rich orange base and liberal scarlet speckles. Fascinating to behold in the garden and often brought indoors for

Calendula 'Cantaloupe'

Beautiful large flowers in a warm blend of creamy white and apricot pink embellish this 18- to 24-inch tall plant. Deadhead regularly to keep the blooms coming. This versatile addition to your garden is not only a stunning cut flower, but medicinal, edible and a host to beneficials and pollinators. Can be used to make salves, tinctures, oils and fresh or dried in "flower confetti," soups, soufflés, rice dishes, baked goods, and to garnish desserts. Explore the possibilities!

Calendula 'Pacific Apricot Beauty'

This lovely old-fashioned variety features many-petaled flowers in warm apricot, brushed with creamy yellow, held atop tall stems. The edible petals and flowers are lovely strewn across a summer salad, and are a great add to breads and healing balms. The blooms of this 2-foot tall plant are also ideal cut flowers.

Calendula 'Pink Surprise'

Peachy-pink, double-flowered, frilly, 2 to 3 inch blooms on strong stems make 'Pink Surprise' an excellent candidate for both fresh and dried floral arrangements. The tangy petals of this self-sower are also edible — sprinkle on salads, decorate cakes or feed them to chickens to produce dark colored yolks.

Calendula 'Radio'

This edible and medicinal 1930s HEIRLOOM has continued to stand the test of time. Blooms are comprised of an array of rich, orange quill-like petals enveloping sunny yellow centers when fully open. This annual, reaching 2-feet tall, pleasantly self-sows and will continue to bloom through frost when deadheaded. A great splash of color for your beds and borders, and like Arnica or St. John's Wort, a valuable tool in your first-aid kit!

Calendula 'Zeolights'

Selected out of the "Flashback" line of Calendulas, with red petal backs, Zeolights has huge fully doubled pale, peachy and bronze colored blooms atop 18- to 24-inch stems. Pointed petals emanate from a darker center and have a unique, elegant, layered quality that really make this bloom a standout.

Calibrachoa Aloha Kona Midnight Blue

A compact, bushy, trailing and self-cleaning annual blanketed in midnight-purple, trumpet-shaped flowers with darker throats and amber eyes. Gracefully spilling over the edges of window boxes, hanging baskets and containers, these non-stop bloomers will add that unforgettable, eye-catching pop to your designs all summer long. Pollinators and beneficials can't resist them either!

Jenny's Edibles & Blooms 2022

BLOOMS

jennysblooms@gmail.com

Calibrochoa Aloha Kona Orange Zest

A compact, bushy, trailing and self-cleaning annual blanketed in warm, inviting, tangerine-colored, trumpet-shaped flowers with darker throats and amber eyes. Gracefully spilling over the edges of window boxes, hanging baskets and containers, these non-stop bloomers will add that unforgettable, eye-catching pop to your designs all summer long. Pollinators and beneficients can't resist them either!

Carthamus Superior Orange

Also known as Safflower, this extremely versatile, drought-tolerant crop, native to Mediterranean climates displays tufted, fiery-orange, thistle-like flowers atop a surround of oval leaves. Dubbed "poor man's saffron," the petals are used for food coloring, as a replacement for saffron, and in textile dyes. Also produces edible, oil-rich seeds, akin to sunflower seeds. Plants standing 18 to 24 inches tall, are not only beloved by pollinators, but make a gorgeous ornamental and cut flower — The fresh, dark green foliage and geometric buds add structure to mixed bouquets. This nearly thornless strain allows for easy harvest.

Cosmos Apricotta

This Fleuroselect Novelty Award Winner displays gorgeous sprays of 3-inch, cupped blooms in mingling hues of apricot, peach, and soft rose with golden eyes. The 24- to 30-inch tall plants have a bushy, upright habit of fine feathery foliage. An excellent cut-and-come-again flower that will reward you through summer until frost, and add an elegance to your beds and borders.

Cosmos Double Click Bicolor Pink

A romantic, free-flowering mix flaunting soft creamy whites, contrasting dark pink edges and a blushed, sliding scale of color in between. No two blooms are alike! This 3-foot tall, cut-and-come-again treat yields a profusion of gorgeous 2- to 3-inch double and semi-double bicolor blooms on long, strong stems. Perfect addition to your cutting garden or mixed border.

Cosmos Double Click Bicolor Violet

This 3-foot tall, cut-and-come-again bloomer yields a profusion of gorgeous 2- to 3-inch double and semi-double, bicolor blooms on long, strong stems for cutting. Purples and whites mingle around golden centers to create a visual feast with no two flowers alike!

Cosmos Double Click Cranberries

Tall plants with strong stems support fully double and semidouble, 2- to 3-inch, ruffled, rich, carmine blooms. A wonderful addition to the cutting garden or flower border. Breathtaking in bouquets.

Double Click Rose Bon Bon

Tall and very floriferous with 2- to 3-inch, fluffy and frilly, fully double rosy-lavender blooms. Perfect for cutting abundant bouquets all summer long.

Double Click Snow Puff Cosmos

Enjoy lively, very large, long-blooming double white flowers perched opening above airy, fern-like foliage on 3- to 4-foot tall well-branched plants. This cut-and-come-again bloomer will reward you from mid-summer through frost.

Cosmos Rubenza

This 2-foot tall, sun-loving annual, with fine, feathery foliage, features 3-inch blooms that open a luxuriant burgundy before maturing to an antiqued rose with contrasting, burnished-gold centers. A Fleuroselect Novelty winner, Rubenza is a superb cut-and-come-again choice for your for cutting garden and mixed borders.

Cosmos Xanthos

This glorious new variety and Fleuroselect Gold Medal winner is an early and long flowering cosmos in a unique, soft, stunning yellow color. Expect this dwarf 20-inch plant to yield a profusion of 2½-inch blooms with petals that shade from primrose at the tips to golden at the base, surrounding a dark yellow center. Ideal for cut flowers and irresistible in your garden and containers.

Dahlia BLazing Saddles

Stunning color combinations! A carefree canopy, of 3- to 4-inch, informal blooms in firework shades of scarlet, coral and orange is elevated above handsome, deep burgundy-purple foliage. The bushy, 3-foot tall plants will yield a beautiful array of colorful cuts. While grown from seed, plants will produce tubers by season's end that can be saved for next years' production.

Golden Marguerite Daisy 'Kelwayi'

This 30-inch tall, clump-forming, drought tolerant perennial is most effective when planted in groupings or en masse in the sunny border. Perfect choice for an area of your garden where self-seeding is welcomed. As known as Golden Chamomile, plants form a bushy mound of finely divided, fern-like, aromatic, green foliage with loads of small bright-yellow daisies. Can be cut regularly for use in summer posies or deadheaded to extend the bloom season. May even cut entire plant back to 6 inches mid-season for a whole fresh new flush.

Jenny's Edibles & Blooms 2022

BLOOMS

jennysblooms@gmail.com

Echinacea Cheyenne Spirit

A stunning first-year flowering echinacea with hues ranging from rich purple to pink, red, salmon, yellows, creams and white. The abundant flowers grace the top of well branched, durable plants. Well suited to your perennial border, a mass landscape planting, a butterfly garden or as a cut flower.

Echinacea Mellow Yellows

A beautiful and long-lasting coneflower, with a display that will not disappoint! New buds, unfurling blooms and aging petals in a pleasing palate of buttery ivory, banana, lemon yellow, melon, mango and even pumpkin! This sturdy, drought-tolerant, floriferous plant is an excellent cut flower and a great source of nectar and seed that will please pollinators week after week.

Feverfew 'Magic Lime'

upright, well-branched, 3 foot plants with long, strong stems will delight you with an abundance of lime-green to pale yellow, 1/2- to 1-inch blooms. Lovely filler for flower bouquets, versatile everlasting for crafts and complimentary addition to a border planting. Self-seeding tender perennial. Deadhead to sustain bloom production and, if desired, prevent excessive self-seeding.

Feverfew 'Tetra White'

This, perennial treasure will add an element of grace and charm to your early spring and early summer garden. Little rosettes of gathered white petals, encircling citrusy lemon-lime centers, form frilly little, fully double 1-inch blooms atop 3-foot tall stems. A very productive cut flower.

Gomphrena Globosa Qis Pastel Mix

This late summer darling thrives in heat and is delightful both in the garden and the vase. A cut-and-come-again workhorse with charming button-like blossoms in a mix of white, rose, soft pink and pale lilac. The clover-like blossoms atop uniform stems are perfect for both your fresh and dried bouquets.

Gomphrena haageana Qis Sunset Mix

This late summer darling thrives in heat and is delightful both in the garden and the vase. A cut-and-come-again workhorse with button-like blossoms in a mix of orange, carmine and cherry add a bright pop of color to your summer gardens and arrangements. The clover-like blossoms atop uniform stems are perfect for both your fresh and dried bouquets.

Ornamental Bunny Tails Grass

Neat and compact 20-inch tall plants, with graceful green blades, boast fluffy spires that transition from a soothing chartreuse to a delicate cream — Colors effortlessly softening as they age. Spectacular planted en masse. Allow spires to age on the plant for late fall and winter interest or cut and use as an everlasting in dried arrangements. Will last for months — refusing to shatter the way some textured grasses do after drying.

Hibiscus Mahogany Splendor

A dramatic accent for your landscape! With mahogany-red, deeply-cut foliage akin to a maple leaf, the rich, decorative foliage of this ornamental will be a standout in your landscape or large container planting. When the sturdy branches of this 4- to 6-foot tall cultivar are cut, the foliage is perfect for your late summer and fall bouquets. For the richest evolution of colors, plant in full sun.

Hyacinth Bean 'Ruby Moon'

Award-winner with color all season. Green and wine-colored foliage, purple stems, lilac-rose blossoms and shiny, magenta pods (2-3"). While all parts of the plant are edible, it is recommended that the mature seeds be boiled before eating; used in Asian, Thai and Indian cooking. Useful as cut flowers; pods may also be dried.

Elegance Purple Lavender

This Fleuroselect Gold Medal winner is a fragrant, first-year flowering English Lavender with striking purple-blue, blooms and silvery grey foliage. Bushy in habit, 14 inches tall at maturity, it is adored by pollinators, well suited to poor soils, and simply breathtaking when planted en masse or as low hedgerows.

Burning Embers Marigold

This antique variety, long tended at the Linneas Botanical Gardens in Uppsala, Sweden, captivates with graceful, wavy stems and handsome green foliage dappled with little, smoldering red flowers edged in a golden orange. Excellent choice as a companion plant amongst your veggies, to attract beneficial insects and repel pests, or to add some warmth and fern-like foliage to your cutting garden. Stands 2- to 3-feet tall.

Marigold Giant Orange

These prolific producing, giant African Marigolds will add a lively and tropical presence to your mixed borders and cutting gardens. Sturdy, uniform, ruffly orange 3-inch blooms sit atop 36- to 40-inch tall, strong stems. Undemanding and versatile, flowers are edible, can be used for companion planting, enjoyed in bouquets or strung up to make a homegrown lei!

Jenny's Edibles & Blooms 2022		BLOOMS	jennysblooms@gmail.com
Lemon Gem Marigold  <p>Hundreds of petite, edible, golden flowers cover neat, low mounds of lacy foliage with a citrusy scent. When planted in trios, these long bloomers give the thick, rounded appearance of a small flowering shrub. Not only great for beds, borders and containers, the fragrant edible excels as a companion in the vegetable garden to repel unwanted guests.</p>	Paprika Gem Marigold  <p>Fern-like foliage, spicy scent, and edible burnt-orange petals, trimmed in gold with amber eyes, make this care-free annual an easy choice. With a 12-inch tall, tidy, mounding habit, these handsome bloomers are perfect to edge beds for a splash of color, jazz up your containers or companion plant in your veggie garden for some aromatic charm.</p>		
Strawberry Blonde Marigold  <p>This breakthrough French marigold will captivate you with a floriferous rush of bicolor pastel pink, rose and yellow blooms, with never-before-seen cool shades in the marigold palette. The drama continues to unfold throughout the season as the colors of this vigorous, bushy, 8- to 10-inch stunner evolve as the temperatures change. Glorious when planted en masse in drifts or blocks. Edible flowers.</p>	Tangerine Gem Marigold  <p>Hundreds of bite-size, petite flowers cover neat, low mounds of lacy foliage with a citrusy scent. The long-blooming edible flowers are well-suited for beds, borders, containers and salads. Also an excellent companion plant for your veggie garden.</p>		
Mina Lobata - Exotic Love Vine  <p>Looking to spice up your trellis game? This Royal Horticulture Society, award-winning HEIRLOOM will do just that! Also known as Firecracker Vine, from mid-summer to frost, a blanket of showy fleur-de-lis shaped leaves and burgundy vines give way to sprays of graceful tubular flowers that bud scarlet and fade in sequence to coral, lemon and vanilla. Hummingbirds, butterflies, and passerby will equally flock in delight.</p>	Nasturtium Bloody Mary  <p>This 2019 Fleuroselect winner will captivate you with a dramatic and moody array of 2-inch, bicolor blooms in hues of deep reds, corals and creams. Both leaves and flowers of this mounding variety are edible with a peppery zing.</p>		
Caribbean Cocktail Nasturtium  <p>The blending of pastels and bicolors in delicious shades of strawberry, raspberry, apricot, and cream. Result is an astonishingly soothing carpet of color. Both leaves and flowers are edible with a peppery zing.</p>	Crimson Emperor Nasturtium  <p>This gem will reward you with an endless supply of consistently rich crimson, golden-throated blooms. Habit of this hummingbird magnet is less trailing, more lax and bushy — making a spectacular spreading ground cover. An abundance of leaves and flowers to add extra zing to your salad!</p>		
Gleam Mix Nasturtium  <p>This All-American winner is a trailer, ideal for hanging baskets and moderate spreading, with vines that are substantially longer than Jewel Mix. Large double and semi-double blooms in creams, yellows, orange and reds will brighten up your pots and borders from midsummer until frost. The flowers and young leaves are edible with a spicy, peppery flavor akin to watercress. Great as a garnish or for adding zip to your salads!</p>	Jewel Mix Nasturtium  <p>A nice compact 15 to 18-inch plant with bright, colorful double blooms in yellow, orange and deep red held above light green foliage. Will reward you with blooms until frost. Both leaves and flowers are edible with a peppery zing.</p>		
Nasturtium Ladybird Rose  <p>Ooh La La! Eye-catching blooms in smokey, raspberry-peach hues, with richly veined and saturated petals dance amidst an 18-inch mound of bright green foliage. A lovely embellishment for your potager, containers or window boxes. Both leaves and flowers are edible with a peppery zing.</p>	Nasturtium Purple Emperor  <p>This semi-trailing variety undergoes an enchanting color transformation as the bold burgundy-purple blooms evolve into a vintage dusty lavender-rose. A simply stunning edible and ornamental. Perfect in containers, window boxes or as a gorgeous seasonal ground cover. Both leaves and flowers are edible with a peppery zing.</p>		

Jenny's Edibles & Blooms 2022

BLOOMS

jennysblooms@gmail.com

Nasturtium Trailing Mix

This HEIRLOOM favorite, with cheery blooms in shades of yellow, orange and red, grows up to 10 feet in a season! Perfect for covering walls, arbors, fences and creating an explosion of sunshine. Both leaves and flowers are edible with a peppery zing.

Nasturtium Troika Red

This semi-trailing variety with luxurious variegated leaves is a high-performing super-bloomer. An extravaganza of boisterous red blooms are held high above the handsome foliage of this 2- to 3-foot wide garden treasure. Perfect in containers, window boxes or as a gorgeous seasonal ground cover. Both leaves and flowers are edible with a peppery zing.

Nasturtium Troika Spotty Dotty

For a girl that loves variegation, these are a win! Luminous yellow blooms, with scarlet-red accents are held en masse above brilliantly variegated foliage. The interplay of color between the flowers and foliage of this semi-trailing variety will light up your containers, baskets and borders. Both leaves and flowers are edible with a peppery zing.

Nasturtium Variegated Queen

Noteworthy for their attractive, white variegated foliage and beautiful flowers in a full range of color. Both leaves and flowers are edible with a peppery zing.

Nasturtium Whirlybird Mix

Among the earliest blooming nasturtiums, this cheerful mix will become a fast favorite! Whirlybird boasts a gorgeous array of cherry, tangerine, scarlet, mahogany, lemon and creamy 2- to 3-inch, semi-double blooms that hold their faces straight up and well above the dark green compact foliage, for a "look-at-me" kind of display. Easily adaptable to your baskets, containers, beds and borders. Both leaves and flowers are edible with a peppery zing.

Nicotiana 'Marshmallow'

This visually stunning cultivar of flowering tobacco will add stature, grace and fragrance to your summer borders. Large basal leaves give rise to masses of 24-inch stems topped with sweetly scented tubular flowers. The flowers fade through red, pink, and white to give the effect of a beautiful pastel tri-color plant. Pollinators, including hummingbirds, love it.

Nicotiana 'Starlight Dancer'

The long tall stems of this floriferous, Fleuroselect winner sport clusters of graceful, nodding, pale-chartreuse buds that open a clean, bright white. Loved by pollinators and hummingbirds. Will flower all summer long when deadheaded regularly.

Petunia Shock Wave Denim

A powerhouse bloomer! The Shock Wave series boasts an endless array of weather-resistant, mini, self-cleaning blooms. Hues of smoky lavender to high-impact violet, 1 1/2-inch blooms adorn this spreading beauty. New buds continually set from the center perpetuate and maintain the gloriously lush and full habit throughout the growing season.

Petunia Shock Wave Pink Vein

A powerhouse bloomer! The Shock Wave series boasts an endless array of weather-resistant, mini, self-cleaning blooms. A perpetual bloom of 1 1/2-inch, violet-throated, blush pink flowers embellish this spreading beauty. The new buds, continually set from the center, maintain the gloriously lush and full habit throughout the growing season.

Corn Poppy

Papavaer Rhoeas, also known as Flanders Poppy, is the beloved and classic red poppy, captured by Van Gogh and Monet and seen sweeping fields throughout Europe — most notably Flanders Field. Brilliant red flowers perch atop branching 3-foot stems. Expect these cheerful bloomers to self-sow for new growth in succeeding seasons. A sight to behold en masse!

Rudbeckia 'Moroccan Sun'

Blooming from summer to frost, this magnificent mix radiates warmth and produces a nonstop show of fully and semi-double flowers in glowing shades of orange, yellow and coppery red. Moroccan Sun looks stunning planted in en-masse and makes a dazzling cut flower, with erect 24-inch stems and darker contrasting centers. A pollinator-friendly, heat and drought tolerant perennial.

Salvia 'Big Blue'

Simply breathtaking! This pollinator's dream thrives on neglect — heat-tolerant, drought-tolerant and requires no deadheading. With brilliant, 2- to 3-foot tall, clear blue spires towering above a lush 2-foot wide mound of glorious green foliage, this vigorous bloomer will be a show-stopper in your border from July to first frost. Best in full sun, but will tolerate dappled shade or partial sun.

Jenny's Edibles & Blooms 2022

BLOOMS

jennysblooms@gmail.com

Silene Blushing Lanterns

Also known as Maiden's Tears, this extremely productive, romantic and decidedly feminine perennial will bring a soft elegance to your beds, meadows and bouquets from early summer through autumn. Airy, 24-inch tall, grey-green stems arise from a succulent basal rosette and are covered in miniature pale green balloon-like pods, veined with blush and encircled with dainty white petals. The alluring pods remain even after the petals drop.

Russian Statice

Also known as Limonium suworowii, Pink Pokers, and Rat Tail statice, this cultivar will add some striking contrast to your landscape. Carmine-rose panicles twist and turn into a curious array of shapes that offer visual interest and texture. Excellent cut and dried flower — Flowers hold their color well, making for long lasting fresh and dried bouquets. These 18- to 24-inch plants are a butterfly favorite too!

Statice Seeker Pastel Blue

A workhorse in dried floral endeavors, statice is also wonderful when used fresh. This lovely cut-and-come cultivar delivers elegant, papery, smokey lavender-blue flowers all summer long. Color is extremely versatile and can be easily incorporated into many color palettes making it a favorite bouquet addition. Harvest when all flowers on a given stem have opened. Upright 24- to 32-inch habit.

Strawflower Apricot Mix

These 3 foot-tall, well-branched plants produce loads of vibrant, 2 to 3 inch papery, daisy-like flowers in a warm mix of peaches and apricots. Stiff and everlasting when dried, the blooms will add a versatile and textural addition to your cutting garden. They are easy to grow, tolerant of both heat and drought, this everlasting will reward you indefinitely.

Strawflower Copper Red

You can never know grow enough of this versatile and textural addition to your cutting garden! Tall, 36- to 40-inch well-branched plants produce vibrant, copper and rusty red-orange, papery blooms with golden eyes. These everlastings are an exceptional cut flower both fresh and also dried. Pollinators love them too!

Strawflower Silvery Rose

A fresh and dried bouquet flower favorite! Tall, 36- to 40-inch, well-branched, heavy-blooming plants produce loads of creamy white to silvery, rose-frosted, papery blooms. Rose coloring is subtler on young blooms and darkens as they mature and open. These heat and drought tolerant everlastings thrive in summer sun, persist until frost and are an exceptional cut flower both fresh and dried. Pollinators love them too!

Sunflower Claret

Winner of the Royal Horticultural Society Award of Garden Merit, this 5- to 6-foot tall, well-branched sunflower has an exquisite display of rich, 6-inch, wine-colored blooms with dark central discs. Striking in the back of a mixed border, or harvest and enjoy the long vase-life of these dramatic, pollen-less blooms.

Sunflower Italian White

A.k.a. Italian Greenheart, this unique multi-branching sunflower has creamy white, daisy-like, pointed petals with contrasting green to black centers. Grows 4 to 6 feet tall.

Sunflower Starburst Lemon Aura

This well-branched variety, stands four to six feet tall, and is loaded with 24-inch stems that make excellent cuts. Pollenless, fully-double, 4- to 6-inch, crested blooms are a gorgeous pale-yellow, with a subtle green center. Perfect for brightening up a mixed border and for bouquet work.

Sweet Pea 'April in Paris'

Developed by world-renowned breeder Dr. Keith Hammett, this cultivar hits the trifecta of timeless form, an evolution of captivating color and intoxicating fragrance — amongst the most intense perfumes of all the sweet peas. New buds emerge primrose, then unfurl to reveal large, creamy white, ruffy blooms with lavender kissed edges that deepen and increase with age. Strong climbing vines produce heavy sets of long-stemmed flowers that beg to be cut for profoundly aromatic and elegant bouquets.

Sweet Pea 'Blue Shift'

Bred by Dr. Keith Hammett, this lightly fragrant yet vibrant bloomer gracefully ages from mauves to shades of violet, true blue and even an iridescent turquoise. The shifting shades will transform your trellis into an enchanting new floral vista with the passage of each day.

Sweet Pea 'King's High Scent'

Among the most fragrant of all the sweet peas! King's High Scent is a heavy producer of gorgeous, large-flowered cream blooms edged in violet. Superb cut — One bouquet of flowers will scent an entire home! Plant near porches, open windows and outdoor sitting areas to fully enjoy.

Jenny's Edibles & Blooms 2022		BLOOMS	jennysblooms@gmail.com
Sweet Pea 'Matucana'		Sweet Pea 'Mollie Rilestone'	
	An award-winning HEIRLOOM of the grandiflora type which yields masses of highly fragrant, sweetly scented, rich crimson and violet bi-color blooms.		An award-winning fragrant variety from England with long stems and wavy petals of cream edged in deep pink.
Sweet Pea 'Mrs Bernard Jones'		Sweet Pea 'Raspberry Twirl'	
	This Spencer type, exhibition cultivar, named after the wife of the great sweet pea grower and breeder Bernard Jones, is a reliable performer and a great cut. Large, sweetly scented and ruffly, candy-pink blooms are borne on tall, strong stems. Cut often and enjoy long-stemmed bouquets with the fragrance of an old-fashioned and the form of an exhibition sweet pea. You will extend your bloom season in doing so!		An enchanting, and deliciously fragrant old-fashioned Spencer type. With a scent reminiscent of honey and orange blossom, enjoy long-stemmed bouquets of large, ruffly cream colored blooms with blush undertones and soft-magenta veins. A handful of these nostalgic blooms will sweetly perfume any room. Cut often to extend your bloom season.
Sweet Pea 'Zinfandel'		Tassel Flower 'Irish Poet'	
	A beautiful variety to cloak a fence or arbor and provide striking bouquets with unrivaled depth of color. The satiny, dark, boysenberry blooms reminiscent of a fine vintage wine unfurl with evolving nuances of color and a seductive perfume of orange blossoms and honey.		RARE - The rediscovered light orange form of tassel flower, almost lost in the last 20 years. Little tufted paintbrush blossoms dance on the tops of curvy stems. Great in masses, or weaving among other annuals. Self sows.
Torch Tithonia		Yellow Torch Tithonia	
	Best Tithonia for cutting. Flowers are 3 1/2 inches wide on strong branching plants with velvety dark green leaves. Blooms midsummer to frost. Loves hot dry sites. Once you have Tithonia in your garden, it's hard to live without!		If you love the Classic fiery-orange Tithonia, 'Yellow Torch' has the same great characteristics and habit, but with blooms in a softer golden hue. Flowers are 3 1/2 inches wide on strong branching plants with velvety dark green leaves. Blooms midsummer to frost. Loves hot dry sites. Once you have Tithonia in your garden, it's hard to live without!
Verbena Bonariensis		Yarrow Summer Berries	
	This well-loved beauty makes an architectural statement with rich lilac-purple flower clusters floating atop slender, willowy stems that stand unstaked up to 6 feet tall. Good see-through plant for a splash of color and in mass plantings.		This perennial yarrow is truly delightful! The 24- to 30-inch upright, bushy plant with fern-like foliage is covered with a canopy of 3- to 5-inch blooms in shades of raspberry, peach, coral, blush, rose and buttercream. A versatile player for both fresh and dried bouquets, this pollinator magnet will thrive on neglect in any sunny spot!
Benary's Deep Red Zinnia		Benary's Giant Lime Zinnia	
	From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! Rich and dramatic, the color of 'Benary's Deep Red' will not disappoint!		Looking for an excellent cut flower? This recommendation by the Association of Specialty Cut Flower Growers yields masses of long, sturdy stems with 3- to 4-inch, fully double, dahlia-like chartreuse blooms. These are outstanding massed in the landscape, holding up well in summer heat and rain, and jaw-dropping in mixed bouquets with an excellent vase life.
Benary's Giant Orange Zinnia		Benary's Giant Purple Zinnia	
	From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! This clear bright orange will pop in your garden and bouquets.		From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! A striking selection with rich rose-purple flowers will pop in your garden and bouquets.

Benary's Giant Salmon Rose Zinnia

From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! 'Benary's Giant Salmon Rose' is a versatile, warm peachy color that softens with age and pairs equally well with pastel and vibrant colors in your garden or vase.

Benary's Giant White Zinnia

From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! Add a layer of elegance to your garden and bouquets with these creamy-white blooms.

Giant Dahlia Creamy Yellow Zinnia

Similar in habit to the Benary's Giant Series, these 4-foot plants yield long, sturdy stems with 4- to 6-inch blooms. Unique to this series, the soft, creamy-yellow blooms may be single, semidouble, or fully double. An excellent cut-and-come-again flower and addition to your mixed borders.

Giant Cactus Flowered Mix Zinnia

We love the unique design element these quilled beauties provide. A cut-and-come-again performer of warm-toned, 4- to 5-inch, fully double blooms in shades of yellow, orange, rose, pink and salmon. The 28- to 40-inch tall, sun-lovers yield long, strong stems with blooms that age gracefully and delightfully texturize as they mature.

Giant Cactus Lilac Emperor Zinnia

We love the unique design element these quilled beauties provide. A cut-and-come-again performer, the 28- to 40-inch tall, sun-lovers yield long, strong stems of bold lilac blooms that age gracefully and delightfully texturize as they mature.

Zinnia Oklahoma Ivory

Gorgeous in the landscape, and a reliable cut-and-come again flower for bouquets. Double and semidouble 2-inch flowers in a warm ivory palette, are poised atop long strong, 36-inch stems.

Oklahoma Salmon Zinnia

This 3-foot plant yields long, strong stems with petite 1½- to 2½-inch, double and semi-double blooms in a warm blend of salmon and peach. A prolific, floriferous and disease-resistant beauty that will reward you with a summer of blooms!

Zinnia Profusion Apricot

This landscaping series is designed for large plantings or containers. Unlike the cutting Zinnias, Profusion is a dense, bushy, many-flowered little plant that covers ground and literally fills the garden with color. Light coral petals envelop a rich terra-cotta eye. An All-America Selection Award winner, these plants have bushy habit, 14-inches high and a full 24-inches wide and are covered all season with 2½- to 3-inch, daisy-like, double blooms. An easy-to-grow show stopper!

Zinnia Profusion Double Deep Salmon

This landscaping series is designed for large plantings or containers. Unlike the cutting Zinnias, Profusion is a dense, bushy, many-flowered little plant that covers ground and literally fills the garden with color. An All-America Selection Award winner, these plants have bushy habit, 14-inches high and a full 24-inches wide and are covered all season with cheerful, 2½- to 3-inch, orangey-pink, daisy-like, double blooms. An easy-to-grow show stopper!

Zinnia Profusion Double White

This landscaping series is designed for large plantings or containers. Unlike the cutting Zinnias, Profusion is a dense, bushy, many-flowered little plant that covers ground and literally fills the garden with color. An All-America Selection Award winner, these plants have bushy habit, 14-inches high and a full 24-inches wide and are covered all season with clean white, 2½- to 3-inch, daisy-like, double blooms. An easy-to-grow show stopper!

Zinnia Profusion Red

This landscaping series is designed for large plantings or containers. Unlike the cutting Zinnias, Profusion is a dense, bushy, many-flowered little plant that covers ground and literally fills the garden with color. An All-America Selection Award winner, these plants have bushy habit, 14-inches high and a full 24-inches wide and are covered all season with vibrant, perfectly true-red, 2½- to 3-inch, daisy-like blooms. Beloved by pollinators and an easy-to-grow show stopper!

Zinnia Queen Lime

Just wow! Queen Lime is a unique mix of bold, glowing and chartreuse, 2- to 3-inch double and semi-double blooms perched atop strong 25-inch stems. This well-branched plant is a triumph in floral bleeding with glorious stature in the garden and when cut, ideal for long-lasting bouquets.

Jenny's Edibles & Blooms 2022		BLOOMS	jennysblooms@gmail.com
Zinnia Queen Lime 'Blotch'		Zinnia Queen Lime Orange	
	Another looker in the Queen Lime Series! These 18-inch tall, robust Zinnias offer a mix of rosy-centered, sturdy, single, double and semi-double, 3-inch blooms that transition through subtle contrasting color combinations of rose, yellow and lime green. A total treat for mixing in bouquets and equally fun to let this dramatic bloom do its thing in your border.		A 2018 All-American Selections winner and another innovative addition to the Queen series! Eye-catching, 2- to 3 1/2-inch, double and semi-double, deeply fluted, dahlia-like coral blooms with a blush of lime and rosy centers sit atop 36-inch tall plants. The sophisticated color gradient of these blooms gives them a unique three-dimensional appearance. This dynamic beauty will reward you in the landscape and again in your bouquets with exceptionally long vase-life.
Zinnia Queen Lime Peach		Zinnia Queen Red Lime	
	This peachy queen is yet another brilliant addition to the Queen Series, and perhaps a bit more vigorous than other cultivars. Captivating, 2- to 3 1/2-inch, double and semi-double blooms have a rosy eye and beautifully contrasting creamy-lime petals that gradually darken to a soft peach. A versatile, cut-and-come-again bloomer to blend into your garden and designs.		These exotic and unusual bicolored Zinnias flaunt a stunning chromatic display of burgundy outer petals that gradually lighten to a creamy lime center, punctuated again by a central burgundy-pink eye. A mix of semi-double and fully double, 2- to 3-inch blooms are held atop sturdy stems on these 18-inch, well-branched plants. An eye-catching flower, ideal for long-lasting cut arrangements.
Zinnia 'Senora'			
	With twisted and shaggy petals, this lush and prolific bloomer will yield a bumper crop 3- to 5-inch blooms in various warm salmon-salmon shades. With long, strong stems, 30- to 40 inches tall, this is an outstanding cut-and-come-again flower you can enjoy up until frost.
