BLOOMS

jennysblooms@gmail.com

Agastache 'Aricado Pink'

Spikes of vivid, pink flowers project above a flush of fresh green and profoundly aromatic foliage. This 18- to 24-inch plant will reward you with blooms, butterflies, bees and beneficials from early summer through to a hard frost.

Agastache 'Arizona Sun'

In the sensational new Arizona series, Arizona Sun is a compact and uniform, 10-inch plant, with bright sunny yellow, mint-scented tubular flowers. Blooms in abundance throughout summer and into the fall. Hummingbirds and other pollinators love this carefree and drought tolerant plant.

Agastache 'Astello Indigo'

Indulge your senses with 'Astello Indigo' — fabulous dark, green, mint-scented foliage, layered with long-lasting, stately, deep blue flower spikes. Irresistible to bees and butterflies, a spectacle when planted en masse in landscapes, and a great pop of blue for your containers. A long-lasting bloomer that will not disappoint.

Agastache 'Fragrant Delight'

A kaleidoscope of brilliant colors garnish this lovely delight. Tubular raspberry, lilac and orange flowers in summer and fall sit a top lacy, fragrant leaves on bushy 2 foot tall plants. Like other Agastache, the highly aromatic foliage is irresistible to butterflies, bees and hummingbirds.

Agastache 'Heather Queen'

This 30-inch Hyssop will reward you with a long-lasting display of large, dark-pink flower spikes atop gray-green aromatic foliage. Hummingbirds and other pollinators love this carefree and drought tolerant plant.

Agastache 'Lavender Martini'

This compact agastache produces soft lavender flower spikes accented by golden-peach buds, making it irresistible to pollinators and beneficial insects. Reaching just 10 inches tall, plants are perfectly suited for containers as well as beds and borders. Both blooms and foliage are aromatic and edible, offering a refreshing lemon-mint flavor—ideal for herbal teas or home-brewed kombucha.

Agastache 'Raspberry Daiquiri'

Vibrant raspberry red flowers, held atop blue-green wildly aromatic foliage on a compact, well-branched 10- to 12-inch tall plant make 'Raspberry Daiquiri' a great, bold choice for containers or the front of your perennial border. This drought-tolerant, care-free, enduring bloomer is an excellent choice for attracting birds, bees and beneficial insects to your garden from June until frost.

Agastache 'Rose Mint'

Add drifts of soft color and heady scent to your gardens with this neat and tidy variety. Graceful wands of lavender-rose tubular blooms atop gray-green aromatic foliage beckon hummingbirds, pollinators and beneficials. A carefree, long summer bloomer that is low maintenance, heat and drought tolerant. Eye-catching when massed.

Alternanthera Purple Prince

This Latin American tropical has a splashy and colorful display of flawless foliage. A mounding, trailing, non-flowering 10- to 16-inch cascader, it is full-on purple and ruby-rose goodness from the get-go! A striking mingler for your window boxes and containers. Thrives in full sun, requires little water, disease-resistant.

Dara Ammi

This ornamental, wild form of carrot is a spectacular, vividly-colored variety of Queen Anne's Lace. The lacy umbrellas atop strong sturdy stems reach up to 4-feet tall, open chaste white, change to soft pink and finally deepen to a rich rose-red. A delicate filler for your perennial beds and borders that provides a lovely everlasting for your arrangements and bouquets.

Climbing Snapdragons Royal Wedding

This delicate little vine will tumble out of your containers and scramble up your trellis or fence in short order. The cloak of fresh green, arrowhead-shaped leaves provides a beautiful backdrop for the cascading, 1½-inch long, tubular flowers in shades of white, pink and violet. Prefers full sun.

Bachelor's Button 'Blue Boy'

This long-blooming, easy-to-grow, self-seeding annual will reward you with consistently true-blue, double flowers on 3-foot tall plants throughout the growing season for years to come. A cottage garden favorite. Ideal for naturalizing, cutting and drying. Edible petals make a stunning garnish

Jenny's Edibles & Blooms 2026

BLOOMS

jennysblooms@gmail.com

Purple Basketflower

This gorgeous, native annual wildflower will beckon droves of pollinators and a bevy of beneficials to your landscape! Named for the distinct basketweave pattern of its phyllaries (modified leaves) surrounding the flower head base, each bloom is captivating as it unfurls. Growing up to 4-feet tall, the plant has deeply incised foliage and 3-inch diameter, fringed purple blooms with a creamy center. Grows best in full sun, well-drained and slightly acidic soil. Outstanding cut flowers, suitable for both fresh and dried flower arrangements.

Bells of Ireland

This showy 2- to 3-foot tall plant produces blossom spikes of papery, apple green, bell-shaped calyxes enveloping small white flowers. An extremely long-lasting and striking addition to both cut and dried arrangements. In the vase, it's a perfect foil for more brightly colored annuals whilst adding form, structure, and interest in its own right. A self-sower that can usually be relied upon for years of successive blooms.

Browallia Blue Lady

A gem! Bright, 2-inch, sky-blue flowers atop 24-inch tall, branched stems create a generous cloak of that fills in your garden gaps. Spent flowers drop tidily, making room for an inexhaustible show of blue until frost. Widely adaptable to sun or shade, charming in mixed beds and borders, and a pleasant self-sower.

Calendula Neon

Looking for that splash of color for your beds and borders? Vibrant orange, 2-inch blooms with burnt umber highlights sit atop 24-inch tall plants. When deadheaded, will continue to bloom until frost, then pleasantly self-sow. Medicinal, edible and a host to beneficials and pollinators, this cut flower is impressively versatile!

Calendula 'Pacific Apricot Beauty'

This lovely old-fashioned variety features many-petaled flowers in warm apricot, brushed with creamy yellow, held atop tall stems. The edible petals and flowers are lovely strewn across a summer salad, and are a great add to breads and healing balms. The blooms of this 2-foot tall plant are also ideal cut flowers.

Calendula 'Pink Surprise'

Peachy-pink, double-flowered, frilly, 2 to 3 inch blooms on strong stems make 'Pink Surprise' an excellent candidate for both fresh and dried floral arrangements. The tangy petals of this self-sower are also edible — sprinkle on salads, decorate cakes or feed them to chickens to produce dark colored yolks.

Calendula 'Radio'

This edible and medicinal 1930s HEIRLOOM has continued to stand the test of time. Blooms are comprised of an array of rich, orange quill-like petals enveloping sunny yellow centers when fully open. This annual, reaching 2-feet tall, pleasantly self-sows and will continue to bloom through frost when deadheaded. A great splash of color for your beds and borders, and like Arnica or St. John's Wort, a valuable tool in your first-aid kit!

Calibrachoa Aloha Kona Midnight Blue

A compact, bushy, trailing and self-cleaning annual blanketed in midnight-purple, trumpet-shaped flowers with darker throats and amber eyes. Gracefully spilling over the edges of window boxes, hanging baskets and containers, these non-stop bloomers will add that unforgettable, eye-catching pop to your designs all summer long. Pollinators and beneficials can't resist them either!

Calibrachoa Aloha Kona Mango

A compact, bushy, trailing, self-cleaning annual blanketed in warm, peachy trumpet-shaped flowers accented with sunny yellow throats and tomato-orange veining. Perfect for window boxes, hanging baskets, and containers, it gracefully spills over the edges and delivers non-stop color all summer long. These eye-catching blooms add an unforgettable pop to any design—and pollinators and beneficial insects can't resist them!

Columbine Nora Barlow

Named after botanist, geneticist and granddaughter of Charles Darwin, this stalwart survivor has been a standout in English gardens since the early 17th century. Highly decorative, this 2-foot tall branching perennial boasts showy rosy-pink blooms, with many overlapping pointed petals that fade to pale green at the tips. Blooms from late spring into early summer. Easily self-sows.

Jenny's Edibles & Blooms 2026

BLOOMS

jennysblooms@gmail.com

Columbine Rose Barlow

Bring antique charm to your perennial garden with this cottage-garden beauty. Nodding, fully double blooms in dusky rose-pink dance atop 24-30 inch tall wiry stems, swaying gracefully in the late spring to early summer breeze. Thriving in dappled shade, it attracts bees and early pollinators and gently self-sows, returning year after year in natural drifts. Perfect for adding a touch of romance, movement, and old-fashioned elegance to both garden borders and fresh bouquets.

Cosmos Apricot Lemonade

A Fleuroselect Novelty Winner, this early flowering cosmos is whimsical, sophisticated and elegant all at the same time! A buttery display of 3- to 4-inch, individually unique blooms, in hues ranging from soft lemon to pastel apricot, embellish the airy, fern-like foliage of this 2-foot tall variety. Central pink halos and silky pink undersides add to the charm of these dainty blooms. The magic will continue well into fall if deadheaded. Excellent cut flower.

Cosmos Apricotta

This Fleuroselect Novelty Award Winner displays gorgeous sprays of 3-inch, cupped blooms in mingling hues of apricot, peach, and soft rose with golden eyes. The 24- to 30-inch tall plants have a bushy, upright habit of fine feathery foliage. An excellent cut-and-come-again flower that will reward you through summer until frost, and add an elegance to your beds and borders.

Cosmos Double Click Bicolor Pink

A romantic, free-flowering mix flaunting soft creamy whites, contrasting dark pink edges and a blushed, sliding scale of color in between. No two blooms are alike! This 3-foot tall, cut-and-come-again treat yields a profusion of gorgeous 2- to 3-inch double and semi-double bicolor blooms on long, strong stems. Perfect addition to your cutting garden or mixed border.

Cosmos Double Click Bicolor Violet

This 3-foot tall, cut-and-come-again bloomer yields a profusion of gorgeous 2- to 3-inch double and semi-double, bicolor blooms on long, strong stems for cutting. Purples and whites mingle around golden centers to create a visual feast with no two flowers alike!

Cosmos Double Click Cranberries

Tall plants with strong stems support fully double and semidouble, 2- to 3-inch, ruffled, rich, carmine blooms. A wonderful addition to the cutting garden or flower border. Breathtaking in bouquets.

Double Click Rose Bon Bon

Tall and very floriferous with 2- to 3-inch, fluffy and frilly, fully double rosy-lavender blooms. Perfect for cutting abundant bouquets all summer long.

Double Click Snow Puff Cosmos

Enjoy lively, very large, long-blooming double white flowers perched opening above airy, fern-like foliage on 3- to 4-foot tall well-branched plants. This cut-and-come-again bloomer will reward you from mid-summer through frost.

Cosmos Kiïro

Sprays of lemon, cream, rose, and peach variegated blooms sit atop airy, fern-like foliage on these 4-foot tall plants. A superb cut-and-come-again choice for your cutting garden and mixed borders.

Cosmos Rosetta

No two blooms are the same on this easy growing 36-inch tall annual. Each petal appears as if it was hand painted. Blooms are a mix of soft pink, blush, and rose with an extra layer of half-double petals adding a whimsical element of oh-so-endearing fluff!

Jenny's Edibles & Blooms 2026

BLOOMS

jennysblooms@gmail.com

Cosmos Rubenza

This 2-foot tall, sun-loving annual, with fine, feathery foliage, features 3-inch blooms that open a luxuriant burgundy before maturing to an antiqued rose with contrasting, burnished-gold centers. A Fleuroselect Novelty winner, Rubenza is a superb cut-and-come-again choice for your cutting garden and mixed borders.

Cosmos Xanthos

This glorious new variety and Fleuroselect Gold Medal winner is an early and long flowering cosmos in a unique, soft, stunning yellow color. Expect this dwarf 20-inch plant to yield a profusion of 2½-inch blooms with petals that shade from primrose at the tips to golden at the base, surrounding a dark yellow center. Ideal for cut flowers and irresistible in your garden and containers.

Cosmos Xenia

Winner of the prestigious Fleuroselect Novelty Award, the petals of this cosmos are mesmerizing. Magenta, purple, and raspberry petals age with an apricot and terracotta cast creating a sepia effect. The 2½" blooms, with tightly whorled petals around a golden eye, sit atop 28-inch tall, compact, well-branched plants. With a tidy habit, and 20-inch spread, this profuse bloomer is perfect for your containers, beds and mixed borders.

Delphinium Candlelight Blue Shades

A beautifully uniform Delphinium featuring stunning, large-cupped sky-blue blooms with crisp white throats, generously packed along 36-48 inch tall stems. This first-year flowering, cut-and-come-again perennial is spectacular planted en masse and rewards you with elegant spires from spring through fall. Performs best in full sun to part shade.

Delphinium Cheer Blue

Dive into a sea of true blue! This compact Siberian larkspur stands 16-18 inches tall, sending up large, upward-facing blooms that shine from early spring into sizzling summer. Cold-tolerant and endlessly charming, it's an All-America Selections Winner that steals the show in containers, brightens garden beds with brilliant blue, and brings extra charm to any landscape.

Echinacea Cheyenne Spirit

A stunning first-year flowering echinacea with hues ranging from rich purple to pink, red, salmon, yellows, creams and white. The abundant flowers grace the top of well branched, durable plants. Well suited to your perennial border, a mass landscape planting, a butterfly garden or as a cut flower.

Echinacea Paradiso Super Duper

This traditional medicinal, 36-inch tall perennial, is adored by pollinators, drought tolerant and thrives on neglect once established. This cultivar boasts stunning double-petaled heads in charming rosy-tones. The volume of petals on each bloom increases as the flowers mature. The earliest open with a single ray florets and a frill of short petals. These are followed by more extravagant blooms showcasing deeply layered petals. Excellent choice for the herb garden, mixed borders, meadows and your cutting garden.

Echinacea Paradiso Tall Mix

A remarkable medicinal, ornamental, and cut flower, offering a carnival of color! Compared to Cheyenne Spirit, this perennial has taller plants and a wider color range — rosy-purple, cream, yellow, white, orange, peach and soft pink. The 2-3 feet tall explosion of color adds high-impact to your beds, borders and cutting garden. An undemanding and care-free pollinator magnet.

Exotic Love Vine

Looking to spice up your trellis game? This Royal Horticulture Society, award-winning HEIRLOOM will do just that! Also known as Firecracker Vine, from mid-summer to frost, a blanket of showy fleur-de-lis shaped leaves and burgundy vines give way to sprays of graceful tubular flowers that bud scarlet and fade in sequence to coral, lemon and vanilla. Hummingbirds, butterflies, and passerby will equally flock in delight.

Feverfew 'Magic Lime'

Upright, well-branched, 3 foot plants with long, strong stems will delight you with an abundance of lime-green to pale yellow, ½- to 1-inch blooms. Lovely filler for flower bouquets, versatile everlasting for crafts and complimentary addition to a border planting. Self-seeding tender perennial. Deadhead to sustain bloom production and, if desired, prevent excessive self-seeding.

Jenny's Edibles & Blooms 2026

BLOOMS

jennysblooms@gmail.com

Feverfew 'Tetra White'

This, perennial treasure will add an element of grace and charm to your early spring and early summer garden. Little rosettes of gathered white petals, encircling citrusy lemon-line centers, form frilly little, fully double 1-inch blooms atop 3-foot tall stems. A very productive cut flower.

Four O'Clock Salmon Sunset

Also known as Marvel of Peru, these scented beauties steal the late afternoon show. As the day softens into evening, abundant buds unfurl to reveal true salmon-colored trumpets brushed with pale pink starry centers, glowing gently through the night until the sun climbs high again. Their captivating scent will keep you lingering in the garden just a little longer, drawn in by their quiet, twilight magic.

Geranium Dynamo Salmon

A captivating, season-long bloomer for your garden beds, large containers, hanging baskets or window boxes. Featuring vibrant salmon-colored blooms atop deep green and ruffled foliage, this upright and mounding cultivar reaches 12-14 inches tall and wide. Tolerates full sun to part shade. Trim off the flower heads after they fade to encourage ongoing blooms.

Gomphrena Pastel Mix

This late summer darling thrives in heat and is delightful both in the garden and the vase. A cut-and-come-again workhorse with charming button-like blossoms in a mix of white, rose, soft pink and pale lilac. The clover-like blossoms atop uniform stems are perfect for both your fresh and dried bouquets.

Gomphrena Sunset Mix

This late summer darling thrives in heat and is delightful both in the garden and the vase. A cut-and-come-again workhorse with button-like blossoms in a mix of orange, carmine and cherry add a bright pop of color to your summer gardens and arrangements. The clover-like blossoms atop uniform stems are perfect for both your fresh and dried bouquets.

Ornamental Bunny Tails Grass

Neat and compact 20-inch tall plants, with graceful green blades, boast fluffy spires that transition from a soothing chartreuse to a delicate cream — Colors effortlessly softening as they age. Spectacular planted en masse. Allow spires to age on the plant for late fall and winter interest or cut and use as an everlasting in dried arrangements. Will last for months — refusing to shatter the way some textured grasses do after drying.

Hibiscus Mahogany Splendor

A dramatic accent for your landscape! With mahogany-red, deeply-cut foliage akin to a maple leaf, the rich, decorative foliage of this ornamental will be a standout in your landscape or large container planting. When the sturdy branches of this 4- to 6-foot tall cultivar are cut, the foliage is perfect for your late summer and fall bouquets. For the richest evolution of colors, plant in full sun.

Hyacinth Bean 'Ruby Moon'

Award-winner with color all season. Green and wine-colored foliage, purple stems, lilac-rose blossoms and shiny, magenta pods (2-3"). While all parts of the plant are edible, it is recommended that the mature seeds be boiled before eating; used in Asian, Thai and Indian cooking. Useful as cut flowers; pods may also be dried.

Elegance Purple Lavender

This Fleuroselect Gold Medal winner is a fragrant, first-year flowering English Lavender with striking purple-blue, blooms and silvery grey foliage. Bushy in habit, 14 inches tall at maturity, it is adored by pollinators, well suited to poor soils, and simply breathtaking when planted en masse or as low hedgerows.

Burning Embers Marigold

This antique variety, long tended at the Linneas Botanical Gardens in uppsala, Sweden, captivates with graceful, wavy stems and handsome green foliage dappled with little, smoldering red flowers edged in a golden orange. Excellent choice as a companion plant amongst your veggies, to attract beneficial insects and repel pests, or to added some warmth and fern-like foliage to your cutting garden. Stands 2- to 3-feet tall.

Coco Deep Orange Marigold

Prolific producer! This African Marigold adds a lively, tropical presence to your mixed borders and cutting gardens. Sturdy, uniform, ruffly orange, 3-inch blooms sit atop strong, 36- to 40-inch tall stems. Undemanding and versatile, flowers are edible, can be used for companion planting, enjoyed in bouquets or strung up to make a homegrown leis!

Coco Gold Marigold

Prolific producer! This African Marigold adds a lively, tropical presence to your mixed borders and cutting gardens. Sturdy, uniform, ruffly golden-tangerine, 3-inch blooms sit atop strong, 36- to 40-inch tall stems. Undemanding and versatile, flowers are edible, can be used for companion planting, enjoyed in bouquets or strung up to make a homegrown leis!

Jenny's Edibles & Blooms 2026

BLOOMS

jennysblooms@gmail.com

Giant Orange Marigold

These prolific producing, giant African Marigolds will add a lively and tropical presence to your mixed borders and cutting gardens. Sturdy, uniform, ruffly orange 3-inch blooms sit atop 36- to 40-inch tall, strong stems. Undemanding and versatile, flowers are edible, can be used for companion planting, enjoyed in bouquets or strung up to make a homegrown lei!

Lemon Gem Marigold

Hundreds of petite, edible, golden flowers cover neat, low mounds of lacy foliage with a citrusy scent. When planted in trios, these long bloomers give the thick, rounded appearance of a small flowering shrub. Not only great for beds, borders and containers, the fragrant edible excels as a companion in the vegetable garden to repel unwanted guests.

Orange Flame Marigold

This dwarf French variety features bright tangerine central tufts, framed by layers of rich crimson petals. With a tidy, mounding habit reaching 12 inches tall, these handsome bloomers are perfect for edging beds, spicing up containers, or companion planting in the vegetable garden for a touch of aromatic charm.

Paprika Gem Marigold

Fern-like foliage, spicy scent, and edible burnt-orange petals, trimmed in gold with amber eyes, make this care-free annual an easy choice. With a 12-inch tall, tidy, mounding habit, these handsome bloomers are perfect to edge beds for a splash of color, jazz up your containers or companion plant in your veggie garden for some aromatic charm.

Safari Scarlet Marigold

This dwarf French variety puts on a show with 2-inch scarlet blooms, boldly rimmed in gold and finished with bright golden eyes. With a tidy, mounding habit reaching 12 inches tall, these eye-catching bloomers are perfect for edging beds, spicing up containers, or companion planting in the vegetable garden for a burst of aromatic charm and fiery color.

Strawberry Blonde Marigold

This breakthrough French marigold will captivate you with a floriferous rush of bicolor pastel pink, rose and yellow blooms, with never-before-seen cool shades in the marigold palette. The drama continues to unfold throughout the season as the colors of this vigorous, bushy, 8- to 10-inch stunner evolve as the temperatures change. Glorious when planted en masse in drifts or blocks. Edible flowers.

Queen Sofia Marigold

This All-America Selections winner with large, showy, fully double, carnation-like blossoms with gold-rimmed, russet red petals will add a burst of sunshine to your garden. Like other French Marigolds, these compact, 12-inch tall, bushy prolific bloomers, with finely divided aromatic foliage, will attract a host of beneficials to your gardens and deter some unwanted garden pests to boot!

Tangerine Gem Marigold

Hundreds of bite-size, petite flowers cover neat, low mounds of lacy foliage with a citrusy scent. The long-blooming edible flowers are well-suited for beds, borders, containers and salads. Also an excellent companion plant for your veggie garden.

Alaska Mix Nasturtium

Green and white variegated foliage. Improved strain of brilliant, single, 2-inch flowers in yellow, crimson, orange, salmon and cherry. Compact, mound-shaped plants. Both leaves and flowers are edible with a peppery zing.

Bloody Mary Nasturtium

This 2019 Fleuroselect winner will captivate you with a dramatic and moody array of 2-inch, bicolor blooms in hues of deep reds, corals and creams. Both leaves and flowers of this mounding variety are edible with a peppery zing.

Caribbean Cocktail Nasturtium

The blending of pastels and bicolors in delicious shades of strawberry, raspberry, apricot, and cream. Result is an astonishingly soothing carpet of color. Both leaves and flowers are edible with a peppery zing.

Creamsicle Nasturtium

This free-flowering nasturtium is a top-setting bloomer with beautiful swirling hues of peach and apricot floating above softly mounding, blue-green, lily pad-shaped foliage. This mounding variety can be easily tucked into garden beds, borders or your container designs. Both leaves and flowers are edible with a peppery zing.

Jenny's Edibles & Blooms 2026

BLOOMS

jennysblooms@gmail.com

Gleam Mix Nasturtium

This All-American winner is a trailer, ideal for hanging baskets and moderate spreading, with vines that are substantially longer than Jewel Mix. Large double and semi-double blooms in creams, yellows, orange and reds will brighten up your pots and borders from midsummer until frost. The flowers and young leaves are edible with a spicy, peppery flavor akin to watercress. Great as a garnish or for adding zip to your salads!

Jewel Mix Nasturtium

A nice compact 15 to 18-inch plant with bright, colorful double blooms in yellow, orange and deep red held above light green foliage. Will reward you with blooms until frost. Both leaves and flowers are edible with a peppery zing.

Jewel of Africa Nasturtium

What sets this 4- to 5-foot vining nasturtium apart is the glorious understory of variegated and marbled lily-pad like foliage. The single petaled flowers come on in mix of lemon, strawberry, cream and tangerine. Just the right size to tumble from a hanging basket, twine up a small trellis, or even trail along the ground, carpeting the garden in color. Magnificent!

Nasturtium Ladybird Rose

Ooh La La! Eye-catching blooms in smoky, raspberry-peach hues, with richly veined and saturated petals dance amidst an 18-inch mound of bright green foliage. A lovely embellishment for your potager, containers or window boxes. Both leaves and flowers are edible with a peppery zing.

Nasturtium Raspberry Fool

A combination of semi-double and single blooms, in warm shades of raspberry and peach, are held above a lush wandering blanket of lily-pad like foliage. Well-suited for containers, and intermingling with others in raised beds. Both leaves and flowers are edible with a peppery zing.

Nasturtium Salmon Baby

A mounding, non-trailing, 12 inch, dwarf variety with dark blue-green leaves and ruffled blooms in lovely hues of salmon and coral. Blooming from mid-summer to frost, this variety is well-suited for containers, raised bed edges and the front of mixed borders. Both leaves and flowers are edible with a peppery zing.

Nasturtium Tip Top Apricot

Tip Top Apricot offers lovely, edible 2 inch flowers in multiple creamy hues of apricot held atop dense mounds of foliage. This tidy plant is great for borders, bedding, and containers. The showy flowers with their darker veining and deeply shaded throat will add a splash of sunshine to your summer salad. Both leaves and flowers are edible with a peppery zing.

Nasturtium Trailing Mix

This HEIRLOOM favorite, with cheery blooms in shades of yellow, orange and red, grows up to 10 feet in a season! Perfect for covering walls, arbors, fences and creating an explosion of sunshine. Both leaves and flowers are edible with a peppery zing.

Nasturtium Vintage

Large, ruffled, reliably double blooms ranging from ivory to gold, salmon, auburn and garnet are buoyantly held on strong stems above the classic lily-pad leaves. With a medium trailing habit, it is well-suited for pouring from large baskets and setting garden edges awash with color. Both leaves and flowers are edible with a peppery zing.

Nasturtium Whirlybird Mix

Among the earliest blooming nasturtiums, this cheerful mix will become a fast favorite! Whirlybird boasts a gorgeous array of cherry, tangerine, scarlet, mahogany, lemon and creamy 2- to 3-inch, semi-double blooms that hold their faces straight up and well above the dark green compact foliage, for a "look-at-me" kind of display. Easily adaptable to your baskets, containers, beds and borders. Both leaves and flowers are edible with a peppery zing.

Nicotiana 'Marshmallow'

This visually stunning cultivar of flowering tobacco will add stature, grace and fragrance to your summer borders. Large basal leaves give rise to masses of 24-inch stems topped with sweetly scented tubular flowers. The flowers fade through red, pink, and white to give the effect of a beautiful pastel tri-color plant. Pollinators, including hummingbirds, love it.

Nicotiana 'Starlight Dancer'

The long tall stems of this floriferous, Fleuroselect winner sport clusters of graceful, nodding, pale chartreuse buds that open a clean, bright white. Loved by pollinators and hummingbirds. Will flower all summer long when deadheaded regularly.

Jenny's Edibles & Blooms 2026

BLOOMS

jennysblooms@gmail.com

Petchoa Sunset Orange

A cross between Petunia and a Calibrachoa, this mounding, vigorous annual is drenched in generous blooms in shades of orange and gold. Impervious to heat, humidity, rain, and disease, this low-maintenance beauty is also self-cleaning, and deadheading is unnecessary. An exceptional performer from Spring through Fall, and perfect for adding early and late-season charm to your gardens and containers.

Rudbeckia 'Carmel Mix'

This 30-inch tall rudbeckia sports 3- to 4-inch, golden-yellow blooms with striking lime green eyes. Flowers stand atop tall sturdy stems and will put on a show from early summer through frost. A cheerful addition to your borders, and an excellent addition to your cutting garden.

Rudbeckia 'Chim Chiminee'

This mid-sized variety is a standout due to its very unusual narrow or quilled petals surrounding a brown cone. Flowers are in rustic shades of yellow, gold, orange and mahogany red. A mass of blooms from July to frost. Half-hardy perennial. Often survives a few winters, or at least self seeds.

Rudbeckia 'Irish Spring'

This 30-inch tall rudbeckia sports 3- to 4-inch, golden-yellow blooms with striking lime green eyes. Flowers stand atop tall sturdy stems and will put on a show from early summer through frost. A cheerful addition to your borders, and an excellent addition to your cutting garden.

Rudbeckia 'Moroccan Sun'

Blooming from summer to frost, this magnificent mix radiates warmth and produces a nonstop show of fully and semi-double flowers in glowing shades of orange, yellow and coppery red. Moroccan Sun looks stunning planted in en-masse and makes a dazzling cut flower, with erect 24-inch stems and darker contrasting centers. A pollinator-friendly, heat and drought tolerant perennial.

Rudbeckia 'Sahara'

A moody twist on a classic garden favorite! Semi-double and double flowers in unique shades of antique rusty-rose, soft pink-red, pale-lemon, apricot and copper bloom dependably from midsummer to fall on 20- to 24-inch tall strong stems. Dependable blooms beginning midsummer make this pick not only worthy for your beds and borders, but an excellent cut!

Pineapple Sage

The vibrant chartreuse green foliage, pineapple perfume and late season bright floral display, makes for a pollinator and hummingbird haven! The profusion of showy, tubular scarlet flowers on long graceful spikes is just irresistible. Both leaves and flowers are edible. This fast-growing, 30-inch annual, with open habit lends itself equally well to containers, herb gardens or mixed borders.

Salvia Bodacious Smokey Jazz

Grow your own hummingbird feeder! This compact, branching salvia is burdened with nectar-rich, saturated boysenberry blooms with a striking black calyx. This rebookings beauty is perfect in baskets, containers or en masse along the garden's edge.

Climbing Snapdragons 'Royal Wedding Mix'

This delicate little vine will tumble out of your containers and scramble up your trellis or fence in short order. The cloak of fresh green, arrowhead-shaped leaves provides a beautiful backdrop for the cascading, 1½-inch long, tubular flowers in shades of white, pink and violet. Prefers full sun.

Strawflower Apricot Mix

These 3 foot-tall, well-branched plants produce loads of vibrant, 2 to 3 inch papery, daisy-like flowers in a warm mix of peaches and apricots. Stiff and everlasting when dried, the blooms will add a versatile and textural addition to your cutting garden. They are easy to grow, tolerant of both heat and drought, this everlasting will reward you indefinitely.

Strawflower Copper Red

You can never know grow enough of this versatile and textural addition to your cutting garden! Tall, 36- to 40-inch well-branched plants produce vibrant, copper and rusty red-orange, papery blooms with golden eyes. These everlastings are an exceptional cut flower both fresh and also dried. Pollinators love them too!

Strawflower Purple Red

This profuse, cut-and-come-again, bloomer provides great contrast in fresh and dried arrangements. Standing 36 to 40 inches tall, these well-branched plants yield dark-wine, 2½ inch flowers with contrasting fiery-orange centers when fully open. Flowers all summer, into the fall until a killing frost.

Jenny's Edibles & Blooms 2026

BLOOMS

jennysblooms@gmail.com

Strawflower Silvery Rose

A fresh and dried bouquet flower favorite! Tall, 36- to 40-inch, well-branched, heavy-blooming plants produce loads of creamy white to silvery, rose-frosted, papery blooms. Rose coloring is subtler on young blooms and darkens as they mature and open. These heat and drought tolerant everlastings thrive in summer sun, persist until frost and are an exceptional cut flower both fresh and dried. Pollinators love them too!

Sunflower Claret

Winner of the Royal Horticultural Society Award of Garden Merit, this 5- to 6-foot tall, well-branched sunflower has an exquisite display of rich, 6-inch, wine-colored blooms with dark central discs. Striking in the back of a mixed border, or harvest and enjoy the long vase-life of these dramatic, pollen-less blooms.

Sunflower Desert Sun

A pollenless, branching, bi-color sunflower with stunning 5- to 7-inch blooms in varying hues of creamy lemon and mahogany. With an overall plant height of 70 to 80 inches, you can easily harvest 18- to 24-inch stems for use as cut flowers and a radiant bouquet all by itself!

Sunflower Double Quick Orange

This bright golden, single stem, pollenless cut flower matures early and has impressive, fully double, 4-5" blooms with central green disks. The 48- to 60-inch tall blooms are magnificent in mass or beautiful standouts when interplanted within your garden border.

Sunflower Italian White

A.k.a. Italian Greenheart, this unique multi-branching sunflower has creamy white, daisy-like, pointed petals with contrasting green to black centers. Grows 4 to 6 feet tall.

Sunflower Reggae Marley

The dark faces of this pollenless sunflower are framed by ruby-red rings, yellow outer petals, and supported by glossy green foliage. Growing up to five feet tall, with 6-inch blooms, these sunflowers will make a striking focal point in your cutting garden from midsummer to fall. A downright cheerful addition to any vase!

Sunflower Soluna Bronze

This eye-catching, 3- to 4-foot tall, multi-branching sunflower, with deep green foliage, boasts prolific dark eyed, multi-hued, blooms in shades of burnished copper and bronze. Ideal for season-long cutting and a boon to native bees. Planted en masse, a gorgeous border accent.

Sunflower Starburst Lemon Aura

This well-branched variety, stands four to six feet tall, and is loaded with 24-inch stems that make excellent cuts. Pollenless, fully-double, 4- to 6-inch, crested blooms are a gorgeous pale-yellow, with a subtle green center. Perfect for brightening up a mixed border and for bouquet work.

Sweet Pea 'April in Paris'

Developed by world-renowned breeder Dr. Keith Hammett, this cultivar hits the trifecta of timeless form, an evolution of captivating color and intoxicating fragrance — amongst the most intense perfumes of all the sweet peas. New buds emerge primrose, then unfurl to reveal large, creamy white, ruffly blooms with lavender kissed edges that deepen and increase with age. Strong climbing vines produce heavy sets of long-stemmed flowers that beg to be cut for profoundly aromatic and elegant bouquets.

Sweet Pea 'Blue Shift'

Bred by Dr. Keith Hammett, this lightly fragrant yet vibrant bloomer gracefully ages from mauves to shades of violet, true blue and even an iridescent turquoise. The shifting shades will transform your trellis into an enchanting new floral vista with the passage of each day.

Sweet Pea 'Captain of the Blues'

This vintage grandiflora sweet pea produces waves of richly fragrant, periwinkle-and-violet bicolor blooms. The sweet, intoxicating perfume from this graceful climber will keep you lingering in the garden long after first glance.

Sweet Pea 'Chocolate Streamers'

Striped, freckled, and oh-so-fragrant, large blousy blooms in shades of orchid, wine, and plum will dress up your trellis or arbor. Harvest a handful of cuts for your kitchen and you will not be disappointed!

Sweet Pea 'Enchante'

Fabulously feminine, decidedly exquisite! This alluring tricolor variety, bred by Dr. Keith Hammett, is a brilliant blend of cherry pink, white and lavender.

Sweet Pea 'Flora Norton'

This Royal Horticultural Society HEIRLOOM selection is an old-fashioned, grandiflora-type sweet pea. Clouds of periwinkle and intoxicating perfume, will keep you visiting this garden climber as she puts on her award-winning display.

Sweet Pea 'Heaven Scent'

Intoxicatingly fragrant and lavishly frilled, soft peachy-pink blooms are borne on stout, robust vines with long, elegant stems. Exceptionally prolific and treasured as a cut flower, a single bouquet can perfume an entire home. Plant near porches, open windows, and garden seating areas, where its heavenly scent invites you to linger.

Sweet Pea 'King's High Scent'

Among the most fragrant of all the sweet peas! King's High Scent is a heavy producer of gorgeous, large-flowered cream blooms edged in violet. Superb cut — One bouquet of flowers will scent an entire home! Plant near porches, open windows and outdoor sitting areas to fully enjoy.

Sweet Pea 'Matucana'

An award-winning HEIRLOOM of the grandiflora type which yields masses of highly fragrant, sweetly scented, rich crimson and violet bi-color blooms.

Sweet Pea 'Mollie Rilestone'

An award-winning fragrant variety from England with long stems and wavy petals of cream edged in deep pink.

Sweet Pea 'Watermelon'

A classic, English Spencer variety that combines graceful form, beautiful color and a delicious subtle perfume. With blooms a color cross between fresh cut watermelon and ripe rosy peaches, the alluring flowers, borne on long stems and vigorous vines will add a beautiful pop of color to your early summer trellis.

Sweet Pea 'Zinfandel'

A beautiful variety to cloak a fence or arbor and provide striking bouquets with unrivaled depth of color. The satiny, dark, boysenberry blooms reminiscent of a fine vintage wine unfurl with evolving nuances of color and a seductive perfume of orange blossoms and honey.

Tassel Flower 'Irish Poet'

RARE - The rediscovered light orange form of tassel flower, almost lost in the last 20 years. Little tufted paintbrush blossoms dance on the tops of curvy stems. Great in masses, or weaving among other annuals. Self sows.

Torch Tithonia

Best Tithonia for cutting. Flowers are 3 1/2 inches wide on strong branching plants with velvety dark green leaves. Blooms midsummer to frost. Loves hot dry sites. Once you have Tithonia in your garden, it's hard to live without!

Yellow Torch' Tithonia

Best Tithonia for cutting. Flowers are 3 1/2 inches wide on strong branching plants with velvety dark green leaves. Blooms midsummer to frost. Loves hot dry sites. Once you have Tithonia in your garden, it's hard to live without!

Verbena Bampton

Discovered in a public garden in Bampton, UK, this airy verbena is a cloud of tiny lavender-pink flowers. Reaching 24" tall and wide, it's perfect for mass plantings, large tubs, or as a whimsical filler in beds and containers. Understated at first, it bursts to life in mid-summer, attracting butterflies and beneficial insects, with blooms that persist through fall. Cooler weather deepens the foliage to rich eggplant tones, adding evolving color and enchanting charm to any garden.

Verbena Bonariensis

This well-loved beauty makes an architectural statement with rich lilac-purple flower clusters floating atop slender, willowy stems that stand un-staked up to 6 feet tall. Good see-through plant for a splash of color and in mass plantings.

Verbena Vanity

Vanity is a new compact cultivar of one our longstanding favorites, offering brilliant color, a long flowering season with a profusion of pollinators. Profoundly versatile, this award-winning 2-foot tall variety has an open habit with gorgeous, intense purple-blue clusters atop branching stems, lending itself equally well suited to borders or containers. Vivid blossoms make fabulous eye-catching accents both in your gardenscapes and mixed bouquets.

Zinnia Benary's Agave

Bred by Johnny's seed, this new introduction is a gorgeous array of sunset colored blooms. Heavily quilled, 4- to 6-inch, densely petaled, double blooms flower in a cohesive blend of straw, coral, gold, peach, pink, and orange hues. This 36- to 40-inch tall cut-and-come-again bloomer will easily pair with other blooms in your garden or vase.

Zinnia Aurora

Two-tone blooms with contrasting centers in a vintage palette set this zinnia apart. A new introduction from the Johnny's Seeds breeding program, these early flowering plants produce 4- to 6-inch dahlia-shaped, double blooms in nuanced hues of apricot, butter yellow, coral, gold, orange, and pink. This 36- to 40-inch tall cut-and-come-again bloomer will easily pair with other blooms in your garden or vase.

BLOOMS

jennysblooms@gmail.com

Zinnia Benary's Ballerina

A new introduction from the Johnny's Seeds breeding program, Ballerina is a graceful blend of 4- to 6-inch, dahlia- and cactus-type blooms in cozy pinks and peaches. If softer pastels are your kind of vibe, you will want to incorporate this 36- to 40-inch tall cut-and-come-again bloomer into your garden designs.

Zinnia Benary's Giant Carmine Rose

From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! A striking selection with rich, raspberry-pink blooms that will pop in your garden and bouquets. As these beauties age the outer tips of the petals fade, giving blooms a lingering, multidimensional quality.

Zinnia Benary's Giant Coral

From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! With an almost tropical vibe, these coral-salmon blooms add irresistible cheer to the garden. As these beauties age, outer tips of the petals fade, giving blooms a lingering, multidimensional quality.

Benary's Deep Red Zinnia

From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! Rich and dramatic, the color of Benary's Deep Red will not disappoint!

Benary's Giant Lime Zinnia

Looking for an excellent cut flower? This recommendation by the Association of Specialty Cut Flower Growers yields masses of long, sturdy stems with 3- to 4-inch, fully double, dahlia-like chartreuse blooms. These are outstanding massed in the landscape, holding up well in summer heat and rain, and jaw-dropping in mixed bouquets with an excellent vase life.

Benary's Giant Orange Zinnia

From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! This clear bright orange will pop in your garden and bouquets.

Benary's Giant Purple Zinnia

From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! A striking selection with rich rose-purple flowers will pop in your garden and bouquets.

Benary's Giant Salmon Rose Zinnia

From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! Benary's Giant Salmon Rose is a versatile, warm peachy color that softens with age and pairs equally well with pastel and vibrant colors in your garden or vase.

Benary's Giant Salmon Rose Zinnia

From the Benary's series you can expect high yields of long, sturdy stems on 4-foot plants, with 4- to 6-inch, fully double, dahlia-like blooms. Disease tolerance is greater and vase-life is longer! Benary's Giant Salmon Rose is a versatile, warm peachy color that softens with age and pairs equally well with pastel and vibrant colors in your garden or vase.

Giant Dahlia Creamy Yellow Zinnia

Similar in habit to the Benary's Giant Series, these 4-foot plants yield long, sturdy stems with 4- to 6-inch blooms. Unique to this series, the soft, creamy-yellow blooms may be single, semidouble, or fully double. An excellent cut-and-come-again flower and addition to your mixed borders.

Giant Cactus Flowered Mix Zinnia

We love the unique design element these quilled beauties provide. A cut-and-come-again performer of warm-toned, 4- to 5-inch, fully double blooms in shades of yellow, orange, rose, pink and salmon. The 28- to 40-inch tall, sun-lovers yield long, strong stems with blooms that age gracefully and delightfully texturize as they mature.

Giant Cactus Lilac Emperor Zinnia

We love the unique design element these quilled beauties provide. A cut-and-come-again performer, the 28- to 40-inch tall, sun-lovers yield long, strong stems of bold lilac blooms that age gracefully and delightfully texturize as they mature.

Golden Hour Zinnia

Cultivated by Floret, this Zinnia collection of buff, honey and soft apricot blooms started from two single plants discovered in their fields. Over years they selected out the palest antique melon shades to bring this unique, vintage-appearing bloom to market. Named for a favorite time of day on the farm, the golden hour just before sunset, the warm shades of this mix are equally soul-soothing.

Linen Zinnia

A new introduction from the Johnny's Seeds breeding program, 'Linen' offers a soft, pastel palette of 4- to 5-inch dahlia-type blooms in pale pinks, peaches, and warm, flaxen tones. If gentle pastels are your kind of vibe, you'll want to incorporate this 36-inch tall, cut-and-come-again bloomer into your garden designs.

Oklahoma Pink Zinnia

This 3-foot plant yields long, strong stems with petite 1 1/2- to 2 1/2-inch, double and semi-double blooms in shades of bumble-gum pink. A prolific, floriferous and disease-resistant beauty that will reward you with a summer of blooms!

Oklahoma Salmon Zinnia

This 3-foot plant yields long, strong stems with petite 1 1/2- to 2 1/2-inch, double and semi-double blooms in a warm blend of salmon and peach. A prolific, floriferous and disease-resistant beauty that will reward you with a summer of blooms!

Zinnia Profusion Apricot

This landscaping series is designed for large plantings or containers. Unlike the cutting Zinnias, Profusion is a dense, bushy, many-flowered little plant that covers ground and literally fills the garden with color. Light coral petals envelop a rich terra-cotta eye. An All-America Selection Award winner, these plants have bushy habit, 14-inches high and a full 24-inches wide and are covered all season with 2 1/2- to 3-inch, daisy-like, double blooms. An easy-to-grow show stopper!

Zinnia Profusion Double Deep Salmon

This landscaping series is designed for large plantings or containers. Unlike the cutting Zinnias, Profusion is a dense, bushy, many-flowered little plant that covers ground and literally fills the garden with color. An All-America Selection Award winner, these plants have bushy habit, 14-inches high and a full 24-inches wide and are covered all season with cheerful, 2 1/2- to 3-inch, orangey-pink, daisy-like, double blooms. An easy-to-grow show stopper!

Zinnia Profusion Double White

This landscaping series is designed for large plantings or containers. Unlike the cutting Zinnias, Profusion is a dense, bushy, many-flowered little plant that covers ground and literally fills the garden with color. An All-America Selection Award winner, these plants have bushy habit, 14-inches high and a full 24-inches wide and are covered all season with clean white, 2 1/2- to 3-inch, daisy-like, double blooms. An easy-to-grow show stopper!

Zinnia Queen Lime

Just wow! Queen Lime is a unique mix of bold, glowing and chartreuse, 2- to 3-inch double and semi-double blooms perched atop strong 25-inch stems. This well-branched plant is a triumph in floral bleeding with glorious stature in the garden and when cut, ideal for long-lasting bouquets.

Zinnia Queen Lime 'Blotch'

Another looker in the Queen Lime Series! These 18-inch tall, robust Zinnias offer a mix of rosy-centered, sturdy, single, double and semi-double, 3-inch blooms that transition through subtle contrasting color combinations of rose, yellow and lime green. A total treat for mixing in bouquets and equally fun to let this dramatic bloom do its thing in your border.

Zinnia Queen Lime Orange

A 2018 All-American Selections winner and another innovative addition to the Queen series! Eye-catching, 2- to 3 1/2-inch, double and semi-double, deeply fluted, dahlia-like coral blooms with a blush of lime and rosy centers sit atop 36-inch tall plants. The sophisticated color gradient of these blooms gives them a unique three-dimensional appearance. This dynamic beauty will reward you in the landscape and again in your bouquets with exceptionally long vase-life.

Zinnia Queen Lime Peach

This peachy queen is yet another brilliant addition to the Queen Series, and perhaps a bit more vigorous than other cultivars. Captivating, 2- to 3 1/2-inch, double and semi-double blooms have a rosy eye and beautifully contrasting creamy-lime petals that gradually darken to a soft peach. A versatile, cut-and-come-again bloomer to blend into your garden and designs.

Zinnia Queen Red Lime

These exotic and unusual bicolored Zinnias flaunt a stunning chromatic display of burgundy outer petals that gradually lighten to a creamy lime center, punctuated again by a central burgundy-pink eye. A mix of semi-double and fully double, 2- to 3-inch blooms are held atop sturdy stems on these 18-inch, well-branched plants. An eye-catching flower, ideal for long-lasting cut arrangements.

Jenny's Edibles & Blooms 2026

BLOOMS

jennysblooms@gmail.com

Zinnia 'Senora'

With twisted and shaggy petals, this lush and prolific bloomer will yield a bumper crop 3- to 5-inch blooms in various warm salmon-salmon shades. With long, strong stems, 30- to 40 inches tall, this is an outstanding cut-and-come-again flower you can enjoy up until frost.

Zinnia Unicorn Mix

Floret Original Breed! This mix of medium-sized, domed blooms displays an enchanting range of colors from raspberry to tangerine, magenta, lemon, apricot, dusty lilac, and blush—all with striking lavender centers. What makes these flowers so unique is the multi-toned ombre effect of each bloom yielding a rainbow-like quality. To experience their full range of coloring, allow flowers to mature on the plant.

Zinnia Victorian Wedding

Floret Original Breed! An exquisite mix of petite, mostly double blooms ranging from buff to pale peach, rose-pink, blush, and the occasional soft orange. Pastel flowers are carried on tall, strong stems with blooms described as French macarons. An incredibly free-flowering, 48 inch tall, cut-and-come-again bloomer more prolific than any variety grown on her farm!

Zinnia Zinderella Zest

This Fleuroselect Novelty Award winner is a scabiosa-flowered zinnia with tufted, 2 1/2-inch blooms boasting golden yellow hues, burnt orange highlights and a frilly crested center with a dark eye. Long, strong stems and tufted blooms of this 30-inch plant are a perfect accent to your cutting garden and bouquets.
